TIPS

Surveillance cameras are helpful in preventing and solving crimes. Follow this link for tips on choosing the best cameras for your home or business and remember to register your cameras on CrimeReports.com: <https://www.newegg.com/insider/how-to-choose-best-surveillance-camera-home/>

CrimeReports Camera Registration

We want to leverage the power of our community to deter and solve crime by working with our best resource: Our Citizens!

The Hermosa Beach Police Department would like your help in solving and reducing crime in your neighborhood by registering the location of your home or business security cameras through ***CrimeReports Camera Registration***.

By registering your camera, the Police Department will have the location of your security camera on file which can help deter and solve crime quickly in our community and will empower us with the information needed to catch criminals faster. The Police Department will not have the ability to access your video, we will only use the information you provide to contact you to determine if video surveillance is available in areas where crimes have occurred. And since you own the camera, your participation is 100% voluntary.

How it Works

- Register the location of your home or business camera on the CrimeReports.com website at https://legacy.crimereports.com/camera_registration#/
- Your information is kept safe and secure; never made public.
- Law enforcement will not have access to your camera.
- In the event of a crime in your area, we may contact you and request to review your camera recordings.
- This service is provided free of charge to both citizens and law enforcement agencies.
- Your camera location information is only shared with law enforcement agencies in your area.

Please help the Police Department in reducing crime in your neighborhood by registering your camera today.

For additional information, please contact Lt. Landon Phillips at 310-318-0336.
