WHEN: (Excluding weekends and Holidays)

- Periodically from Monday November 4 through November 22.

WHERE: The sewer repair work will take place on your street or alley

November 1, 2019

Advance Notification of Sewer Repair Work and Potential Traffic Impact in Street

Dear Resident and Community Members:

The City of Hermosa Beach has contracted with MNR Construction, Inc. to perform sewer repair work throughout the City. During this phase of the project, sewer repair work will take place near your property which may temporary impact the traffic on your street. MNR Construction, Inc. will setup no parking signs, and a temporary detour to divert traffic to perform the sewer repair work. Please ask the MNR crew to move vehicle or any other help needed to maintain access to your residence.

What to Expect:

Please note that other impacts from the project will include noise from construction activities and equipment as well as impacts to traffic flow. Access to driveways may be limited temporarily during working hours (8AM-5PM), but a MNR representative will always be on site to provide access when necessary. Also, "No Parking" signs will be posted along the work areas to allow access for our personnel and equipment. These signs will be posted at least 72 hours prior to the start of work.

Project: CIP 17-416 Sewer Improvements Phase 2
