

FOR MEMBER OF THE CITY COUNCIL

RAYMOND A. JACKSON

OCCUPATION: Colonel, Army (Retired)

You deserve a city that deeply cares about you. A city that quickly responds to your everyday needs to elevate your quality of life and the mission of your community. You deserve action with visible results.

Hermosa Beach is a city of doers. Give public works the tools to proactively clean, paint, and repair. Open City Hall on Fridays to better serve the needs of customers looking to get things done. Our city should have a reputation of being responsive to residents and open for business. And let's continue supporting our struggling businesses by maintaining expanded outdoor dining and shopping.

My life is built on decades of successful public service as a pragmatic, principled and caring leader. Leveraging my deep organizational and leadership experience, I will do what it takes to make Hermosa Beach better for you, your families, and our beloved local businesses.

You want to be heard. I'm here to listen. I do what I say I'm going to do. A vote for me means a strong and independent voice fighting for you.

Vote for Jackson if you want Action. Thank You!
