## Signage

If you would like to post signage to help direct people to your garage sale, you may do so for the day of the event only. To help keep our community tidy, we ask that you remove any signage that you have posted at the end of your sale.

## Promotions

The City will help publicize the sale and an interactive map of all garage sale locations through social media and its biweekly newsletter. You can participate in the promotions too. If you have any for sale you'd like to highlight, post your photos on Instagram using [#hermosagaragesale](https://www.instagram.com/explore/tags/hermosagaragesale/) and they will be shared here:
