City of Hermosa Beach

Civic Center, 1315 Valley Drive, Hermosa Beach, CA 90254-3885

March 31, 2022

Honorable Mayor and Members of the City Council and Citizens of Hermosa Beach, California:

Introduction

Presented herein is the Annual Comprehensive Financial Report (ACFR) of the City of Hermosa Beach for the fiscal year ended June 30, 2021. The report is intended to update readers on the status of the City's financial position and results of operations for the past fiscal year.

Management's representations concerning the finances of the City of Hermosa Beach are contained herein. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Hermosa Beach has established an internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Hermosa Beach's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Hermosa Beach's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Audit

The City of Hermosa Beach's financial statements have been audited by Gruber and Lopez, Inc., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Hermosa Beach for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Hermosa Beach's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis. This letter of transmittal is designed to complement the Management Discussion & Analysis (MD&A) and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditor.

Profile of the Government

The City of Hermosa Beach is a beachfront, bedroom community with a stable population, located four miles south of Los Angeles International Airport. The City occupies 1.4 square miles and serves a population of 19,451, according to the State's latest population estimate. However as a beach city, the City experiences a high visitor population and the associated costs. Due to this high visitor population, the City operates in many ways like a larger city. During the 2020–21 fiscal year, beach attendance ranged from a low of 177,900 in November 2020 to a high of 953,000 in August 2020, according to the Los Angeles County Fire Department, Lifeguard Division. These numbers are back to a more normal range than the 2019–20 numbers which sank to a low of 418 in April 2020 due to COVID-19.

The City of Hermosa Beach, incorporated on January 14, 1907 as a general law city, operates under the Council-Manager form of government. Policy-making and legislative authority are vested in a governing council consisting of five members of the City Council elected on a non-partisan basis at large for a four-year term, with the exception of elections in 2017 and 2019 for which five-year terms were served. Council members serve staggered terms, with an election every two years. One member is chosen by fellow members to serve as Mayor for a period of approximately one year (will return to standard term of nine months at the end of 2022 with the return of four-year terms); one is chosen to serve as Mayor Pro Tem. The terms of office for those elected in November of 2017 and 2019 were extended by one year to accommodate the election date change from odd-numbered years to even-numbered years effective November 2022, as approved by the City Council to coincide with County elections.

The Council is responsible for, among other things, establishing policy, passing ordinances, adopting an annual budget; appointing members to various City Commissions and Boards and hiring the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments.

The City offers a full range of municipal services, including police, fire protection (provided by Los Angeles County beginning December 30, 2017), community development (planning and zoning), cultural, recreation and parks, maintenance and construction of public improvements, parking and animal control, and general administration. Financial information for the Lighting and Landscaping District, the Lower Pier Avenue Assessment District and the Myrtle Avenue, Loma Drive, Bayview Drive, and Beach Drive Utility Underground Districts are included in the City's financial statements as required by governmental accounting standards.

Selected information from the U.S. Census Bureau's Quick Facts shown on the following page.

U.S. CENSUS BUREAU QUICK FACTS					
Category	Hermosa Beach	California	Category	Hermosa Beach	California
Persons under 5 years, 2020 estimate	5.2%	6.1%	Persons under 18 years, 2020 estimate	17.9%	22.8%
Persons 65 years and over, 2020 estimate	13.6%	14.3%	Female persons, 2020 estimate	46.8%	50.3%
Non-Hispanic White	75.0%	36.5%	Hispanic	11.2%	39.4%

Non-Hispanic Asian	6.1%	15.5%	Persons per households, 2016-2020	2.23	2.94
Bachelor's Degree or higher, persons age 25+, 2016-2020	77.0%	34.7%	High School graduate or higher, persons age 25+, 2016-2020	97.9%	83.9%
Per capita income in the past 12 months (2020 dollars), 2016-2020	\$96,152	\$38,576	Persons below poverty level, 2016-2020	4.2%	11.5%
Households, 2016-2020	8,596	13,103,114	Owner-occupied housing units, 2016-2020	50.1%	55.3%
Median value of owner-occupied housing units, 2016-2020	\$1,649,900	\$538,500	Housing units in multi-unit structures, 2020	45.7%	35.1%
Households with a computer, 2016-2020	97.8%	94.3%	Mean travel time to work, 2016-2020	34.5 minutes	29.8 minutes

The U.S. Census Bureau Quick Facts are as of March 2022. Further data regarding the City may be found in the Statistical Section.

The annual budget serves as the foundation for the City of Hermosa Beach’s financial planning and control. All departments of the City of Hermosa Beach are required to submit revenue estimates and requests for appropriations to the Finance Director according to a budget calendar. The Finance Director and City Manager uses these requests as the starting point for developing a proposed budget, which is presented to the City Council for review by May 15. At least one public budget workshop is held prior to the required public hearing, with adoption required no later than June 30. If the City Council fails to adopt a budget by that date, the budget submitted by the City Manager, as amended by the City Council, if applicable, is the appropriated budget except for capital improvement outlays. The appropriated budget is prepared by fund and department (e.g., Police Department). The City Manager may make transfers of appropriations between departments within each fund; transfers of appropriations between funds, however, require the approval of the City Council. The City Council receives monthly revenue and expenditure reports during the year and a midyear budget review is conducted after the first six months of the fiscal year to ensure estimates are on target. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund and major governmental funds with appropriated annual budgets, this comparison is presented as Required Supplementary Information on pages 80–88. For non-major governmental funds

with appropriated annual budgets, this comparison is presented as Supplementary Information, after the Notes to the Financial Statements.

Factors Affecting Financial Condition

Local economy Just as departments were turning in their budget requests for the 2020-21 Budget in March 2020, the State issued a stay at home order and Hermosa Beach declared a local emergency due to the advent of the Coronavirus (COVID-19). The State's surplus turned into a deficit and Hermosa Beach's 2019-20 Budget was suddenly under duress, with departmental budgets just submitted for 2020-21 sent back to the drawing board for reductions and removal of additional requests.

Hermosa Beach is a "bedroom community" as evidenced by a household count of 8,596 and an in-city business count of 1,090 (excluding apartments and home occupations).

Hermosa Beach is very fortunate to have growth of 5.9 percent in secured and unsecured assessed valuation, which compares to Los Angeles County. The 5.9 percent growth was the 18th highest of 88 cities in Los Angeles County. Median home prices in Hermosa Beach as of June 2021 were \$1,995,000, compared to \$790,000 for Los Angeles County. The Hermosa Beach median home price for June 2020 was \$1,937,500, compared to \$643,000 for Los Angeles County. The average median home price for Hermosa Beach for fiscal year 2020-21 was \$1,909,868 and \$1,802,698 for fiscal year 2019-20.

General Fund Secured property taxes increased seven percent in 2020-21, roughly consistent with growth in assessed values. Historically, property adjacent to the beach has held its value better and has grown faster as compared to property in the other areas.

As a beach city, the three highest occupations continue to be management, sales, and administrative support. Residents typically enjoy access to a much more diverse employment base with the close proximity of all of the other cities in Los Angeles County. The unemployment rate in Hermosa Beach as of June 2021 is 7 percent, compared with 10.3 percent for Los Angeles County, and 8 percent for California. City and Los Angeles County rates improved over 2020 rates of 10.2 percent and 19.6 percent respectively while the state rose to 15.1 percent.

Sales tax receipts for 2020-21 are up 17 percent from the prior year primarily due to increases in the Other Retail and County and State Pool categories. The Eating/Drinking category which produces the most sales tax, was hard hit by the closures due to COVID-19. Sales tax from this category declined six percent.

The TOT tax rate increased from 12 percent to 14 percent on January 1, 2020 as a result of a measure placed on the ballot by City Council. Transient occupancy tax (the tax on hotel stays) decreased 12 percent (after adjusting for the rate increase from 12 to 14 percent) from 2019-20 due to COVID closures and stay at home orders. Average occupancy for 2020-21 was 44.7 percent vs. the prior year's rate of 63.4 percent. The last three months of the fiscal year had average occupancy of 73 percent versus 35 percent the prior year so that is a positive trend. Hermosa Beach has nine hotels, one youth hostel, with room capacities ranging from 17 rooms to 96 rooms. There are also three new short term vacation rentals in the commercial area with four rooms/units.

Utility user tax (UUT) revenue was up 3.7 percent last year and is the fourth highest source of tax revenue at \$2.2 million. The largest increase was in the category of cellular phone service and cable television.

See Management's Discussion and Analysis for more revenue details.

Accounting changes. In 2014-15 the City implemented Government Accounting Standards Board (GASB) Statement No 68, Accounting and Financial Reporting for Pensions, which required net pension liabilities to be included in the financial statements for the first time, and Statement No 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, which was essentially a cleanup provision. Net pension liabilities of \$51,477,782 were recorded in 2020-21 and the unrestricted net position was reduced accordingly. The change in accounting standards impacted only the government-wide financial

statements, notes, and required supplemental information. There is no impact to the fund financial statements. See Note 9 for more information.

In 2017-18 the City implemented GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, effective July 1, 2017, which requires net OPEB liabilities to be included in the financial statements for the first time. GASB 75 updates Other Postemployment Benefit (OPEB) accounting and financial reporting standards to be consistent with the pension standard in GASB 68. Similar to GASB 68, the change in accounting standards impacted only the government-wide financial statements, notes, and required supplemental information. There is no impact to the fund financial statements. See Note 10 for more information.

As a matter of record, the following GASB statements are effective for the June 30, 2021 financial statements. GASB Statement 84, Fiduciary Activities, establishes criteria for identifying fiduciary activities of all state and local governments. GASB Statement 90, Majority Equity Interest, improves the consistency and comparability of reporting a government's majority interest in a legally separate organization and improves the relevance of financial statements for certain component units.

The City implemented GASB 98, the Comprehensive Financial Report, which establishes the term annual comprehensive financial report and its acronym ACFR, replacing instances of comprehensive annual financial report and its acronym. For more information see Note 1, Section Q- Accounting Changes.

California Public Employees Retirement System (CalPERS). The preliminary CalPERS investment return as of June 2021 was 21.3 percent, bringing the total fund performance to 10.3 percent for the five-year period, 8.5 percent for the ten-year period, and 6.9 percent for the twenty-year period. The 2020-21 rate of return triggered a reduction in the discount rate used to calculate employer and Public Employee's Pension Reform Act (PEPRA) member contributions due to the Funding Risk Mitigation Policy approved in 2015. The Funding Risk Mitigation policy lowers the discount rate in years of good investment returns. The discount rate, or assumed rate of return, dropped from 7 percent to 6.8 percent. This is the first time the policy has been triggered.

In February 2018, CalPERS adopted a new amortization policy. The new policy applies only to newly established amortization bases and requires fixed dollar (level) amortization rather than percent of pay (escalating). Gains and losses are amortized over 20 rather than 30 year, with a five-year ramp up for investment gains and losses (no ramp down) and no ramp up or down for other amortization bases. The policy minimizes total interest paid over time and pays off UAL faster. It is effective with the June 30, 2019 valuation for 2021-22 contributions.

In December 2017, the CalPERS Board adopted new actuarial assumptions based on the 2017 CalPERS Experience Study and Review of Actuarial Assumptions, which impacted the 2019-20 required contributions.

On December 20, 2016, the CalPERS Board approved a change in the discount rate from 7.5 percent to 7 percent over three years. The change is implemented over a three year period beginning in 2018-19. Lowering the discount rate, also known as the assumed rate of investment return, means that employers will see increases to contribution rates and higher unfunded liability payments. The City's miscellaneous and safety plans had side funds (which are liabilities that existed in 2003 when CalPERS "pooled" the City's plans with other cities of similar size) that paid off from 2018-19 to 2019-20 which helped mitigate the rate increases.

The City created a Retirement Stabilization Fund in 2003-04 to plan for anticipated rate increases. This amount now appears as part of the "committed" balance in the General Fund in the amount of \$1,021,575. Funds will be placed in a retirement trust when the budget is back to a more predictable state.

Long-term financial planning. The City' adopted financial policies address a range of items including accounting and reporting, internal controls, budget, revenue, debt service and investments. The policies are published in the budget and reviewed annually.

The City Council's adopted financial policies relating to long-term financial planning for specific funds are as follows:

Insurance Fund – Goal of \$3,000,000 in net assets for aberrations in claims reserves and catastrophic losses.

Equipment Replacement Fund – Goal of net assets equal to the accumulated amount calculated for all equipment, based on replacement cost and useful life of equipment.

Contingency – Goal equal to 16 percent of the General Fund appropriations for economic uncertainties, unforeseen emergencies.

Compensated Absences – Goal equal to 25 percent funding for accrued liabilities for employee vacation, sick and compensatory time.

The City also has a financial policy of transferring funds unspent in the General Fund at year-end to the Insurance Fund, Equipment Replacement Fund, Capital Improvement Fund, Capital Facility Reserve, and to add to Contingency Funds as needed. The City Council makes changes as necessary to the year-end transfer, depending on the equity in the funds or based on other needs.

The City had unspent funds of \$5,834,252 in 2020–21 as a result of improved revenue and salary savings due to vacant positions and employee leaves. Due to the ongoing economic uncertainty related to the COVID-19 pandemic, the City Council agreed to leave the unspent funds in the General Fund, with recommendations for use of the funds to be presented as a part of the 2022–23 Preliminary Budget.

Historically as part of the budget process, a five year financial forecast is developed and presented with the Preliminary Budget and Five-Year Capital Improvement Program. The Fiscal Health Model is used as part of the forecast to present scenarios depicting the city's ability to fund each scenario.

Primary capital projects coming up, (other than street and sewer improvements, which occur every year) include Bus Stop Improvements, Pay-By-App Parking Signage, PCH Mobility Improvement Project, Strand Bikeway and Walkway Improvements at 35th Street, Park Planting Improvements, Prospect Ave Curb Ramps, South Park Slope and Irrigation Repairs, City Wide ADA Improvements, Downtown Lighting Improvements, Downtown Strategic Plan Implementation, New Corporate Yard Facility, Municipal Pier Structural and Electrical Repairs, City Park Restrooms and Renovations, Parking Lot D improvements, Emergency Operations Center Renovations, Clark Building Renovations, 14th Street Beach Restroom Construction, Parking Lot A Improvements, Police Station Improvements, ADA Improvements, and Parking Structure (Lot C) Improvements.

Cash management policies and practices. Temporarily idle cash was invested during the year in obligations of the U.S. Treasury, certificates of deposit, the State Treasurer's investment pool and the Los Angeles County pool. The average maturity was 60 months, with an average weighted yield on investments of 2.2 percent. Investment income includes changes in the fair value of investments. Changes in fair value during the current year, however, do not necessarily represent trends that will continue nor do such amounts necessarily become realized since the City intends to hold the investments to maturity.

Risk management. The City is self-insured up to \$250,000 for liability claims. Through a blend of self-insurance and reinsurance, the City has excess coverage up to \$40 million obtained through the Independent Cities Risk Management Authority (ICRMA), a joint powers authority consisting of medium-sized California municipalities. The cost of the insurance depends on both the loss experience of member cities, the loss experience of the City and the City's payroll size.

The City purchases workers' compensation coverage through a self-insured program available through ICRMA. The City maintains a \$500,000 self-insured retention limit and participates in a self-insured risk sharing pool through the ICRMA, with excess coverage through Safety National Casualty Company, providing coverage up to the statutory limits.

Claims defense and settlement are coordinated by third party administrators for both liability and worker's compensation, with oversight by the Human Resources Manager.

Additional information on the City's risk management activity can be found in Note 8 of the Notes to the Financial Statements.

Pension and other post-employment benefits. The City provides pension benefits to safety and non-safety employees through the California Public Employees Retirement System (CalPERS). CalPERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. The City was successful in negotiating two tier rates for new employees in all bargaining units beginning in 2011-12. With the State's pension reform implemented January 1, 2013, the City now has three tiers. As of June 30, 2021, the City has fifty-three (53) active Tier 1 employees, seventeen (17) active Tier 2 employees and seventy-three (73) active employees in Tier 3. The City paid employee contributions as a negotiated benefit for many years however in 2012-13 the City negotiated that employees would begin paying the entire share of the employee contribution over three years with an offsetting increase in salaries, which was achieved as of 2014-15. All of these changes enacted reduce pension costs over time. City employer contributions are actuarially determined on an annual basis.

The City also provides post-employment health care benefits for certain retirees. As of the end of the current fiscal year, there were 69 retirees receiving these benefits.

The City established a trust with an outside party to administer these funds in July 2007. The City is contributing the annual required contribution for all employees as determined by an actuarial study in the manner as is done for retirement contributions to CalPERS. The concept of a retirement trust was approved by City Council in June 2018 and \$829,060 from the Police side fund payoff savings was set aside in the 2019-20 to be placed in the retirement trust.

Additional information on the City of Hermosa Beach's pension arrangements and other post-employment benefits can be found in Notes 9 and 10 in the Notes to the Basic Financial Statements.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a 2020 Certificate of Achievement for Excellence in Financial Reporting to the City of Hermosa Beach for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2020. This was the thirtieth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a report must be published that satisfies both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We would also like to express our appreciation to the City Manager and all of the departments, including the City Clerk and City Treasurer, and to our auditors, Gruber and Lopez, Inc, for their assistance and support in preparation of the report. Credit also must be given to the Mayor and the City Council for their continuing support for maintaining the highest standards of professionalism in the management of the City of Hermosa Beach's finances.

Respectfully submitted,

Viki Copeland

Independent Auditors' Report

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hermosa Beach, California (the "City"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedule-General Fund, Budgetary Comparison Schedule-FEMA Special Revenue Fund, Budgetary Comparison Schedule-Capital Improvements Capital Projects Fund, Schedule of Proportionate Share of the Net Pension Liability and Related Ratios, Schedule of Contributions - Pension, Schedule of Changes in Net OPEB Liability and Related Ratios, and Schedule of City's Contribution - OPEB on pages 5 to 16 and 80 to 88, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section, Combining and Individual Nonmajor Fund Financial Statements and the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual, and Statistical Section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Nonmajor Fund Financial Statements and the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Nonmajor Fund Financial Statements and the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Mayor and Members of the City Council
of the City of Hermosa Beach
Hermosa Beach, California

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Hermosa Beach, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Hermosa Beach for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information (particularly with respect to the effect of COVID-19 on financial condition) that is furnished in the letter of transmittal, which can be found on pages v - xii of this report.

Financial Highlights

- The assets and deferred outflows of resources of the City of Hermosa Beach exceeded its liabilities and deferred inflows of resources at the close of the last fiscal year by \$60,081,812 (net position). Excluding the \$51,477,782 net pension liability, \$38,037,706 represents unrestricted net position and may be used to meet the government's ongoing obligations.
- The City's net position decreased by \$473,913
- As of June 30, 2021, the City of Hermosa Beach's governmental funds reported combined ending fund balances of \$41,914,355, an increase of \$6,409,747 in comparison with the prior year. This increase is due to revenue exceeding expenditures in the current year.
- At the end of the current fiscal year, the City of Hermosa Beach's governmental fund balances of \$41,914,355 are comprised of non-spendable funds; \$575,897, restricted; \$10,427,092 committed; \$4,587,847; and assigned; \$21,316,310 to indicate that funds are not available for new spending. Although funds are shown in the committed or assigned category, the City Council still does have discretion over the use of these funds and may change the committed or assigned use. Under that scenario, approximately 62 percent, or \$25,904,157 of the \$41,914,355 in funds could be redirected at the discretion of the City Council. An additional \$5,007,209 or 12 percent is unassigned. See Note 11 in the Notes to the Basic Financial Statements.
- At the end of 2020-21, \$5,834,252 of unspent funds remained in the General Fund as a result of increased revenue and lower expenditures due to vacancies and employee leaves. Due to the economic uncertainty from the ongoing COVID-19 pandemic, unspent funds were not transferred to another fund at the end of the fiscal year. The General Fund also has a committed and assigned fund balance of \$12,665,093 or 35 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Hermosa Beach's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements are designed to provide readers with a broad overview of the City of Hermosa Beach's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** presents information on all the City of Hermosa Beach's assets plus deferred outflows or resources ("DOR") and liabilities plus deferred inflows of resources ("DIR"), with the difference between the assets plus DOR and liabilities plus DIR reported as net position.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Hermosa Beach is improving or deteriorating.

The **Statement of Activities** presents information showing how the government's net positions changed during the most recent fiscal year. All changes in net positions are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave).

The governmental activities of the City of Hermosa Beach include legislative and legal, general government, public safety, public works, community development, and culture and recreation.

The government-wide financial statements include not only the City of Hermosa Beach itself, but also the Lighting and Landscaping District, the Lower Pier Avenue Assessment District and the Myrtle Avenue, Loma Drive, Bayview Drive and Beach Drive Utility Underground Districts. Although these entities are legally separate, they function for all practical purposes as part of the City, and therefore have been included as an integral part of the primary government.

The Government-Wide Financial Statements can be found on pages 19-22 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Hermosa Beach, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Hermosa Beach maintains thirty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the following funds, which are considered to be a major fund:

General Fund
Federal Emergency Management Agency (FEMA) Special Revenue Fund
Capital Improvement Capital Projects Fund

Major funds are governmental or enterprise funds whose revenues, expenditures/expenses, assets and DOR or liabilities and DIR are at least 10 percent of corresponding totals for all

governmental or enterprise funds and at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Data from the other twenty-nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the Supplementary Information section in this report.

The City of Hermosa Beach adopts an annual appropriated budget for its funds. A budgetary comparison statement has been provided for the General Fund, FEMA Special Revenue Fund, and Capital Improvement Capital Projects Fund in the Required Supplementary Information and Supplementary Information sections to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 25-28 of this report.

Proprietary funds. The City of Hermosa Beach maintains one type of proprietary fund.

Internal service funds are used to accumulate and allocate costs internally among the City of Hermosa Beach's various functions. The City of Hermosa Beach uses internal service funds to account for its fleet of vehicles, information systems and equipment, and risk management/insurance activities. Because these services predominantly benefit governmental rather than business-type functions, they have been included within **governmental activities** in the government-wide financial statements.

Internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 31-33 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Hermosa Beach's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Funds of the Lower Pier Avenue, Myrtle Avenue, Loma Drive, Bayview Drive, and Beach Drive Undergrounding Districts are held as fiduciary funds.

The fiduciary fund financial statements can be found on page 37 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 43-78 of this report.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Hermosa Beach's major funds. Required supplementary information can be found on pages 80-88 of this report.

Other supplementary information. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information. Other supplementary information can be found on pages 97-137 of this report

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2021, total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources by \$60,081,812. Without the net pension liability of \$51,477,782, the net position would be \$111,559,594.

The City implemented GASB 68, Accounting and Financial Reporting for Pensions for the June 30, 2015 financial statements and GASB 75, Accounting and Financial Reporting for Postemployment Benefits, for June 30, 2018 financial statements, which require the City to include its net pension and OPEB liabilities in the government-wide financial statements for the first time. Similar to the City's long-term debt, the net pension and OPEB liabilities are payable over an extended time horizon and do not represent a claim on current financial resources. The statements implement changes to accounting and reporting; they do not apply to the way pensions or other postemployment benefits are funded. For more information on the implementation of GASB 68 and 75, please refer to Notes 9 and 10 in the Notes to the Basic Financial Statements.

While the city is now required to show the net pension and OPEB liabilities in the government-wide statements, according to the Governmental Finance Officers Association (GFOA) the underlying factual situation has not changed. Standard and Poor's (the rating agency who rated the City's bonds) indicated that GASB 68 will lead to more conservative liability estimates and provide some additional disclosure. They will continue to focus on commitment to funding, investment performance, trend analysis, affordability, and maintaining plan sustainability. The Annual Required Contribution (ARC) for pension will continue to be reported as the Actuarially Determined Contribution. Standard and Poor's believes this is an easily recognizable and understandable measure for governments. They currently estimate with what frequency governments fully fund their ARC (which Hermosa Beach does 100 percent of the time).

The major components of GASB 68 and GASB 75 that affect the Statement of Net Position for Government-wide are:

- Deferred Outflows of Resources- Includes the deferred pension and OPEB contribution, which is equal to the total amount of the 2020-21 contributions. The contributions are deferred to 2021-22 because the net liability balance is one year in arrears. Also includes changes in assumptions, the difference between projected and actual investment earnings and the difference between the employer contributions and the employer's proportionate share of contributions (for pensions).
- Net Pension and Net OPEB Liabilities (recorded in Long-Term Liabilities) - Represents the actuarially valued liabilities Plans as of June 30, 2020.
- Deferred Inflows of Resources- Includes changes in assumptions, the difference between the expected and actual earnings on investments (amortized on a straight-line basis over five years), changes in employer's proportion (for pensions), and differences between employer contributions and the employer's proportionate share of contributions (for pensions).

The largest portion of the City of Hermosa Beach's net position, \$65,145,247 reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment). The City of Hermosa Beach uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

A portion of the City of Hermosa Beach’s net position \$8,376,641 represents resources that are subject to external restrictions on how they may be used.

Compliance with GASB 68 and GASB 75 require that the City’s net pension and OPEB liabilities are recorded on the Statement of Net Position, which reduces unrestricted net position and creates a negative unrestricted net position or deficit of (\$13,440,076). Excluding the \$51,477,782 net pension liability \$38,037,706 is available to meet the City’s ongoing obligations to residents.

At June 30, 2021, the City is able to report positive balances in all categories of net position for the government as a whole except for unrestricted due to the implementation of GASB 68 and the inclusion of the net pension liability, which will likely remain a long-term liability for several decades. The following is the condensed Statement of Activities and Changes in Net Position for the fiscal years ending June 30, 2021 and June 30, 2020.

Governmental Activities. Governmental activities decreased the City of Hermosa Beach’s net position by \$473,913. Significant elements of this change are as follows:

Changes in Net Positions		
June 30, 2021		
(dollars in thousands)		
	<u>Governmental Activities</u>	
	2021	2020
Revenues:		
Program Revenues:		
Charges For Services	\$ 9,175	\$ 9,048
Operating Grants and Contributions	2,640	3,419
Capital Grants and Contributions	46	834
General Revenues:		
Property Taxes	20,966	19,585
Other Taxes	10,427	9,857
Grants and Contributions Not		
Restricted to Specific Programs	2,491	1,829
Other	745	1,500
Total Revenues	46,490	46,072
Expenses:		
Legislative and Legal	1,868	1,644
General Government	6,184	6,024
Public Safety	26,943	25,546
Community Development	2,726	3,215
Culture and Recreation	1,571	1,867
Public Works	7,272	7,515
Interest and Fiscal Charges	400	296
Total Expenses	46,964	46,107
Increase (Decrease) in Net Position	(474)	(35)
Net Position - Beginning	\$ 60,556	\$ 60,591
Net Position - Ending	\$ 60,082	\$ 60,556

Revenue for Governmental Activities

- Property tax revenue increased \$1,381,501 or 7.1 percent, which is in line with continued growth in property values.
- Sales Tax revenue increased by \$470,385 or 17.3 percent. Sales tax receipts for 2020–21 are up from the prior year primarily due to increases in the Other Retail and County and State Pool categories. The Eating/Drinking category which produces the most sales tax, was hard hit by the closures due to COVID-19. Sales tax from this category declined 6 percent.
- Transient Occupancy Tax (TOT) revenue decreased \$46,846 or 1.8 percent. Reported occupancy rates were down from 63.4 percent for 2019–20 to 44.7 percent in 2020–21. While the State Stay at Home order due to COVID-19 and pandemic related restrictions greatly impacted this category, revenue was boosted by a new hotel which opened in October 2020, three permitted short-term vacation rentals began paying TOT in the spring, and TOT rate increased from 14 percent from 12 percent. Adjusting the rate in 2019–20 to compare the two years would result in a decrease of 12 percent. The last three months of the year reflected average occupancy of 73 percent versus 35 percent the prior year so this is a positive trend. The rate increase was effective January 1, 2020, so fiscal year 2020–21 was the first full fiscal year under the new rate.
- Utility User Tax was up \$77,635 or 3.7 percent. The largest increase was in the category of cellular phone service and cable television.
- Capital Grants & Contributions decreased by 787,827 or 94.5 percent due to limited Capital Improvement Project (CIP) activity due to COVID-19 and staffing constraints.
- Real Property Transfer Tax increased \$140,265 or 44.8 percent due to the sale of two large condominiums.
- Miscellaneous revenue decreased \$754,730 or 50 percent. In 2019–20, there was one-time prior year reimbursement of \$203,000 in the Insurance Fund. Additionally, in 2020-21, Community Center Rentals declined due to COVID-19 related restrictions and interest income decreased due to lower interest rates.

Revenue by Source - Government Activities

Revenue:	2020	2019
Property Taxes	\$ 20,966,460	\$ 19,584,959
Charges for Services	9,175,312	9,048,057
Sales Taxes	3,192,853	3,419,173
Operating Grants & Contributions	2,640,033	2,722,468
Transient Occupancy Tax (TOT)	2,552,964	2,599,810
Other Taxes	2,509,401	2,440,297
Grants & Contributions not Restricted to Specific Programs	2,490,562	2,093,903
Utility Users Taxes	2,171,538	1,829,299
Miscellaneous	745,148	1,499,878
Capital Grants & Contributions	45,817	833,644
Total Revenues	\$ 46,490,088	\$ 46,071,488

Expenses for Governmental Activities

Expenses for Governmental Activities increased by \$856,933 or 1.9 percent.

Legislative and Legal expenses increased by \$224,367 or 13.6 percent due to the May 2021 special election to fill a vacant position on the City Council.

Public Safety expenses increased by \$1,396,349 or 5.5 percent. When comparing Public Safety expenditures in the Statement of Revenue, Expenditures, and Changes in Fund Balance, Public Safety expenditures are up by \$479,484 from 2019-20, primarily due an increase in the unfunded accrued liability payment (UAL) for Fire retirement costs, the annual increase to the Fire Services Contract, purchases of body cameras and a new contract for unmanned aerial support program.

Community Development expenses decreased by \$489,506 or 15.2 percent. The increase is primarily due to the GASB 68 and 75 recording of the department's share of the pension and OPEB obligation adjustments. When comparing Community Development expenditures from the Statement of Revenue, Expenditures, and Changes in Fund Balance, Community Development expenditures are up by \$36,877 over 2019-20.

Culture and Recreation expenses decreased by \$295,843 or 15.8 percent primarily due to a full year of reduced programming as a result of the pandemic.

The remaining functional expense categories had minor changes over the prior year. General increased by \$159,968 or 2.7 percent. Public Works expenses decreased by \$243,144 or 3.2 percent. Interest and fiscal charges increased in 2020-21 in the amount of \$104,742 or 35.4 percent.

Financial Analysis of the Government's Funds

As noted earlier, the City of Hermosa Beach uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Hermosa Beach's governmental funds is to provide information on near-term inflows, outflows, and balances of spending resources. Such information is useful in assessing the City of Hermosa Beach's financing requirements. These funds are accounted for by using the modified accrual basis of accounting. Types of governmental funds reported by the City include the General Fund, Special Revenue funds, and Capital Projects funds.

As of the end of the current fiscal year, the City of Hermosa Beach's governmental funds reported combined ending fund balances of \$41,914,355, an increase of \$6,409,747 in comparison with the prior fiscal year. See Note 11 for more information. The total fund balances of the governmental funds consist of the following:

- Non-spendable fund balance of \$575,897 represents prepaid items, primarily comprised of the July 2021 payment to the County for Fire Services.
- Restricted fund balance of \$10,427,092 which have restrictions imposed by external parties or enabling legislation. Funds in this category include Lighting District Funds, Gas Tax Funds, Proposition A and C Transportation Funds, Measure R, M and W Funds, Asset Forfeiture Funds, Supplemental Law Enforcement Funds (COPS), Fire Protection Funds, and Sewer and Storm Drain Funds.
- Committed fund balance of \$4,587,847 which includes retirement stabilization funds and reserves for a retirement trust.
- Assigned fund balance of \$21,316,310 which includes the amounts to be used for specific purposes of the City, but that do not meet the criteria to be classified as restricted or committed. Funds in

this category include Contingency funds (“rainy day” funds), Compensated Absences funds, Capital Projects, Capital Improvements, Capital Facilities Reserve, and Storm Drain funds.

- Unassigned fund balance of \$5,007,209, which is the unspent funds of \$5,834,252 in the General Fund reduced by a due to other funds liability of \$827,043 primarily for COVID-19 related claims in the FEMA Fund.

The General Fund, FEMA Special Revenue Fund, and Capital Improvement Capital Projects Fund qualified as major funds under the GASB Statement No. 34, *Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments*, reporting criteria.

The General Fund balance increased in 2020-21 by \$6,374,516. The fund balance primarily increased due to \$5,834,252 in unspent funds that remained in the fund balance at year end instead of being transferred to the Capital Improvement, Insurance, or Equipment Replacement Funds.

Overall General Fund revenue increased by 3.9 percent over 2019–20, which was greatly impacted by the COVID-19 pandemic and stay at home orders the final four months of the year. The increase is a result of the following: an increase in property taxes of 7.3 percent, an increase in sales tax of 17.3 percent; an increase in other taxes of 1.6 percent, an increase in licenses and permits of 23.9 percent, and an increase in miscellaneous of 97.8 percent. The increases were partially offset by a decrease in fines and forfeitures of 1.4 percent, a decrease in use of money and property of 22.4 percent, a decrease in intergovernmental of 20.8 percent, and a decrease in charges for services of 1.4 percent.

General Fund expenditures show a decrease of 1.8 percent. The decrease is primarily due to General Government, Culture and Recreation, and Capital Outlay. In an effort to balance the 2020–21 budget after revenue declines as a result of COVID-19, 10 vacant positions were frozen, two positions in General Government, Deputy City Manager and Management Analyst. The part-time Senior Account Clerk position was also eliminated. The Assistant to the City Manager position was later frozen in place of the Deputy City Manager position. The Community Resources department had reduced expenditures due to reduced programming as a result of the pandemic. Capital Projects were not funded from the General Fund. Legislative and Legal expenditures increased in 2020–21 primarily due to the May 2021 special election held to fill a vacant City Council seat.

General Fund Budgetary Highlights

The COVID-19 pandemic and related stay at home orders occurred just after the initial 2020–21 budget estimates were prepared. City staff revised all revenue and reduced expenditures and supplemental requests. Ten (10) staff positions were frozen for 2020–21.

The final amended budget for revenue other than transfers increased by 5 percent from the adopted budget, based on revenue trends from the first five months of the year. Actual revenue exceeded the final budget by \$2,323,207 or 5.8 percent for the following reasons:

- Property tax was up \$535,503 or 2.7 percent.
- Other taxes were up \$721,141 or 8 percent due to conservative year end estimates for TOT. Hotel occupancy rebounded from the 30 percent assumption based on the prior year.
- Fines and Forfeitures were up \$151,332 or 7.7 percent primarily due to count fines/parking.

- Charges for Services were up \$1,030,210 or 20.5 percent due to conservative year end budget reductions for parking related revenue and contract recreation classes and other recreation programs.

While it is good news that actual revenue exceeded the final budget by 5.8 percent, revenue is still \$1,171,316 below 2018-19 or 2.8 percent.

The final amended budget for appropriations other than Transfers Out increased over the original budget by 2 percent. Actual expenditures other than Transfers Out were less than the final appropriations by 9.1 percent primarily due to vacant positions and unspent capital improvement program and one-time funds.

Capital Asset and Debt Administration

Capital assets. The City of Hermosa Beach's net investment in capital assets for its governmental activities as of June 30, 2021, amounts to \$65,145,247 (net of accumulated depreciation). This investment in capital assets includes land, buildings and structures, improvements, machinery and equipment, park facilities, roads, highways, and monuments.

Capital asset events during the fiscal year included the following:

Governmental Activities

- Hermosa Ave Green Street Improvements of \$137,500.
- Storm Drain Improvements of \$173,390.
- Council Chamber Improvements of \$169,829.

Additional information on the City of Hermosa Beach's capital assets can be found in Note 6.

Sewer Fund

City Council approved a transfer of \$3,000,000 from the Sewer Fund to the General Fund as a part of the 2020-21 Adopted Budget. This allowed the City to not use any contingency funds to cover the anticipated revenue shortfall due to the COVID-19 pandemic. The transfer along with sewer improvements and the annual costs to maintain the City's sewers net against revenue of \$1,315,911 resulted in a decrease in the fund balance of \$2,193,538. The ending fund balance in the Sewer Fund is \$3,134,046.

Capital Improvement Fund

Projects funded from the Capital Improvement Fund in 2020-21 include: Fire Station Rehabilitation, PCH Traffic Improvements, Storm Drain Improvements, Citywide ADA Improvements, Downtown Strategic Plan Implementation, Police Facilities Improvements, New Corporate Yard Facilities, Parking Structure Assessment, Municipal Pier Electrical Repairs, Clark Building Renovations, and City Park Restroom Renovations. The fund balance decreased by \$716,214. The ending fund balance of \$8,550,329 includes \$1,267,968 in the Capital Facilities Reserve.

Insurance Fund

The City's established goal for net position in the Insurance Fund is \$3,000,000. The balance at June 30, 2020 was under the funding of \$3 million due to transfers to the General Fund at year-end. Claims expenses and adjustments for actuarially determined claims payable were higher than expected, resulting in the ending balance of \$1,103,110.

Economic Factors and Next Year's Budgets and Rates

- On April 25, 2017, the City Council voted to contract fire services in Hermosa Beach with the Los Angeles County Consolidated Fire District. The 2021–22 Budget includes the fourth full year with the County, equipment conversion costs, and payments for the renovation of the Fire Department facility. The 2021–22 Budget also includes the following:
 - \$6,778,522 is committed for Contingency in the General Fund, which is 16 percent of operating expenditures and in line with our financial policy and the Council goal for a “Financially Sound City Government”. No funds from the Contingency were used to offset any impact of COVID-19.
 - \$2,310,878 is transferred to the General Fund from the American Rescue Plan Act (ARPA) of 2021 Fund to partially restore staffing to pre-pandemic levels and for the provision of public safety to the extent of the reduction in revenue due to the COVID-19 health emergency.
 - \$661,345 is transferred from the General Fund for the 2020 Refunding Lease Revenue Bonds debt service. The 2015 Lease Revenue Bonds were refunded in 2020–21, saving approximately \$1 million over the life of the bonds.
 - \$19.5 million of Capital Improvement Projects are funded, which includes \$3.2 million in new funding. CIP projects will continue to move forward.
 - Healthcare benefits are assumed to increase nine percent for medical and four percent for dental. The actual rates are typically lower than the assumed increase.

Revenue Trends and Assumptions

What a difference a year makes. In June 2021, the City unemployment rate was 6.2 percent versus June 2020 of 11.4 percent. Los Angeles County was 10 percent versus 17.8 percent as of June 2021. The State’s unemployment was 8.2 percent versus 14.2 percent in June 2020. The State’s surplus has grown to \$76 billion according to the Governor’s Office or \$38 billion according to the Legislative Analyst’s Office. Either amount is miraculous compared to the projected \$54.3 billion deficit for last year.

There are encouraging changes occurring locally with respect to businesses re-opening, the continuation of enhanced outdoor dining, the virus receding and the ability to move about more freely. All of these are hopeful signs of a recovery in progress. Since there is no precedent for projecting revenue under these pandemic circumstances, we are moving forward cautiously. Preliminary revenue estimates for 2021–22 suggest an increase of four percent, excluding one-time funds.

Property tax, the largest and most stable source of revenue is projected to increase by 3.3 percent. With the seventeen percent increase in sales tax and increased occupancy in hotels, a recovery seems likely. Utility user tax revenue has been relatively stable.

The City Council adopted several measures to assist the community and businesses early on during the stay-at-home order. Additional measures adopted in 2020–21 include:

- Business License Taxes were deferred for those closed from March 2020 forward with refunds given to those who paid but were subsequently closed.

- Restaurant encroachments fees continued to be suspended until further notice.
- Temporary permits developed for outdoor dining and outdoor dining areas expanded to assist restaurants were extended through May 2022.
- Temporary moratoriums on foreclosures and evictions implemented for those affected by COVID-19 were extended through September 2021.

The City's ongoing goal is to continue offering the same level of service, to the degree possible, that the community expects.

Requests for Information

This financial report is designed to provide a general overview of the City of Hermosa Beach's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 1315 Valley Drive, Hermosa Beach, CA 90254.

FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements

Proprietary Fund Financial Statements

Fiduciary Fund Financial Statements

GOVERNMENTAL FUND FINANCIAL STATEMENTS

The Governmental Funds of the City are outlined below:

General Fund - The General Fund accounts for all revenues and expenditures used to finance the traditional services associated with a municipal government which are not accounted for in the other funds. In Hermosa Beach, these services include general government, safety, community development, culture and recreation and public works.

FEMA Special Revenue Fund - This fund is used to account for emergency response related expenditures reimbursed by the Federal Emergency Management Agency (FEMA).

Capital Improvement Capital Projects Fund - Funds set aside for capital improvement projects.

Nonmajor Governmental Funds - Nonmajor Governmental Funds is the aggregate of all the nonmajor governmental funds.

CITY OF HERMOSA BEACH

CITY OF HERMOSA BEACH

Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position

June 30, 2021

Total Fund Balances - Total Governmental Funds \$ 41,914,355

Amounts reported for governmental activities in the Statement of Net Position were reported differently because:

Capital assets used in governmental activities were not current financial resources. Therefore, they were not reported in the Governmental Funds Balance Sheet.

Nondepreciable, net of Internal Service Fund of \$365,074	\$ 28,068,852	
Depreciable, net of Internal Service Fund of \$3,176,233	<u>33,535,088</u>	
Total capital assets		61,603,940

Internal Service Funds were used by management to charge the costs of certain activities, such as insurance and equipment replacement to individual funds. The assets and liabilities of the Internal Service Funds were included in the governmental activities in the Government-wide Statement of Net Position.

Insurance Fund	1,103,110	
Equipment Replacement Fund	<u>8,793,561</u>	
Total Internal Service Funds		9,896,671

Revenues in the Government-wide Statement of Activities that do not provide current financial resources and are not reported as revenue in the governmental funds. 1,048,225

Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position:

Lease revenue bonds and premium	(9,721,058)	
Interest payable	(55,088)	
Compensated absences, net of \$4,530 reported in Internal Service fund and \$76,735 reported in accrued payroll	<u>(2,882,866)</u>	(12,659,012)

Deferred amounts relates to pension not available for current expenditures and are not reported in the governmental fund financial statements:

Pension related deferred outflows of resources		10,031,616
Pension related deferred inflows of resources		(3,107,382)

Net pension liability is not due and payable in the current period and therefore is not reported in the governmental funds. (51,477,782)

Deferred amounts relates to other postemployment benefits not available for current expenditures and are not reported in the governmental fund financial statements:

OPEB related deferred outflows of resources		2,102,063
---	--	-----------

Net OPEB asset is not due and payable in the current period and therefore is not reported in the governmental funds. 729,118

Net position of governmental activities \$ 60,081,812

CITY OF HERMOSA BEACH
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and
Changes in Fund Balance to the Governmental-wide Statement of Activities
For the Year Ended June 30, 2021

Net Change in Fund Balances - Total Governmental Funds		\$ 6,409,747
Governmental activities in the Statement of Activities were reported differently because:		
Governmental Funds report capital outlay as expenditures. However, in the Government-wide Statement of Activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. The amount of capital assets recorded in the current period is listed below.		
Total capital outlay expenditures reported in governmental funds	\$ 853,530	
Less: repair and maintenance expenditures	<u>(104,202)</u>	
Total capital outlay		749,328
The net effect on disposal of capital assets.		
		455
Depreciation expense of capital assets is reported in the Government-wide Statement of Activities, but		
Total depreciation reported in Government-wide Statement of Activities	(2,863,615)	
Less: depreciation reported in the Internal Service Fund	<u>639,550</u>	
Total		(2,224,065)
Earned but unavailable revenues reported in the governmental funds balance sheet as deferred inflows of resources should be recognized in the Government-wide Statement of Activities as revenue regardless of availability.		
		(313,251)
Certain pension expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
		(2,983,522)
Certain other postemployment benefit expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
		449,969
Compensated absences were reported in the Government-wide Statement of Activities, but they did not require the use of current financial resources. Therefore, compensated absences were not reported as expenditures in the governmental funds.		
		(1,391,325)
The issuance of long-term debt provides current financial resources to governmental funds. However, the repayment reduces long-term liabilities in the governmental activities Statement of Net Position.		
		320,897
Internal Service Funds are used by management to charge the costs of certain activities, such as insurance and equipment replacement, to individual funds. The net revenue of the Internal Service Funds is reported in governmental activities.		
		<u>(1,492,146)</u>
Change in net position of governmental activities		\$ <u>(473,913)</u>

City of Hermosa Beach
Notes to the Basic Financial Statements
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies

The basic financial statements of the City of Hermosa Beach, California, (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States (“U.S. GAAP”) as applied to governmental agencies. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the City’s significant policies:

A. Financial Reporting Entity

The City was incorporated on January 14, 1907, under the General Laws of the State of California. The City operates under a Council-Manager form of government and provides the following services: public safety (police, crossing guards and fire), maintenance and construction of public improvements, cultural, recreation, community development (planning and zoning), and general administrative services.

The basic financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The City is considered to be financially accountable for an organization if the City appoints a voting majority of that organization’s governing body and either the City is able to impose its will on that organization or there is a potential for the organization to provide financial benefits to or impose specific financial burdens on the City. The City is also considered to be financially accountable for an organization if that organization is fiscally dependent (i.e., it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval from the City). In certain cases, other organizations are included as component units if the nature and significance of their relationship with the City are such that their exclusion would cause the City’s financial statement to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the City’s operations and data from these units are combined with data of the City.

Management determined that the following entities should be reported as blended component units based on the criteria above. Each blended component unit has a June 30 year-end, has a governing board that is substantially the same as the City’s, there is a financial benefit or burden relationship between the City and the blended component unit, and the City is financially accountable for each of the blended component units.

Hermosa Beach Street Lighting and Landscaping District – The Hermosa Beach Street Lighting and Landscaping Assessment District was created for street lighting/median maintenance purposes pursuant to Street and Highway Code Sections 22500-22679.

Lower Pier Avenue Assessment District – The Lower Pier Avenue Assessment District was created for improvement of the assessment district in November 1997 pursuant to Street and Highway Code Section 10000.

Myrtle Avenue Underground Utility District – The Myrtle Avenue Underground Utility District was created in October 1999 pursuant to Street and Highway Code Section 10000.

Loma Drive Underground Utility District – The Loma Drive Underground Utility District was created in October 1999 pursuant to Street and Highway Code Section 10000.

Beach Drive Assessment District – The Beach Drive Assessment District was created in July 2004 pursuant to Street and Highway Code Section 10000.

Bayview Drive Underground District – The Bayview Drive Underground District was created in February 2005 pursuant to Street and Highway Code Section 10000.

Hermosa Beach Public Financing Authority – The Hermosa Beach Public Financing Authority was created on July 14, 2015 to authorize the issuance and sale of 2015 Lease Revenue Bonds.

The above component units do not issue separate financial statements.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The Statement of Net Position reports separate sections for Deferred Outflows of Resources, and Deferred Inflows of Resources, when applicable.

Deferred Outflows of Resources represent outflows of resources (consumption of net position) that apply to future periods and that, therefore, will not be recognized as an expense until that time.

Deferred Inflows of Resources represent inflows of resources (acquisition of net position) that apply to future periods and that, therefore, are not recognized as revenue until that time.

Government-Wide Financial Statements

The government-wide financial statements are presented on an “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all of the City’s assets and liabilities, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the accompanying statement of net position. The statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. Fiduciary activities of the City are not included in these statements.

Certain types of transactions are reported as program revenues for the City in three categories:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Certain eliminations have been made in regards to interfund activities, payables and receivables. All internal balances in the statement of net position have been eliminated. In the statement of activities, internal service fund transactions have been included in the governmental activities. The following interfund activities have been eliminated:

- Due from and to other funds, which are short-term loans within the primary government
- Transfers in and out, which are flows of assets between funds without the requirement for repayment

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Governmental Fund Financial Statements

All governmental funds are accounted for on a spending or “*current financial resources*” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances presents increases (revenue and other financing sources) and decreases (expenditures and other financing uses) in fund balances. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Revenues are recorded when received in cash, except those revenues subject to accrual (generally 60 days after year-end) which are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the City, are property taxes, intergovernmental revenues and other taxes. Sales tax is received on a monthly basis. Business license fees are recorded as received, except at year-end when they are accrued pursuant to the modified accrual basis of accounting. The City recognizes business license revenue collected within 60 days as revenue at June 30. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Reconciliations of the fund financial statements to the government-wide financial statements are provided to explain the differences.

The City reports the following major governmental funds:

General Fund – The General Fund is the City’s principal operating fund. It accounts for all revenues and expenditures used to finance the traditional services associated with a municipal government except those required to be accounted for in another fund.

FEMA Special Revenue Fund – This fund is used to account for emergency response related expenditures reimbursed by the Federal Emergency Management Agency.

Capital Improvement Capital Projects Fund – This fund is set aside for capital improvement projects.

Proprietary Fund Financial Statements

Proprietary funds are accounted for using the “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Proprietary Fund Financial Statements (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds include the costs of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Internal service funds are the only funds presented in the proprietary fund financial statements. However, internal service balances and activities have been combined with the governmental activities in the government-wide financial statements. The internal service funds are used to account for equipment replacement and insurance provided to other City departments on a cost-reimbursement basis.

Fiduciary Fund Financial Statements

The City's fiduciary funds represent agency funds, which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The fiduciary funds are accounted for using the accrual basis of accounting. The City maintains seven fiduciary funds which represent assets resulting from assessments to the property owners in four utility undergrounding districts, two reserve funds for utility undergrounding districts and a downtown improvement district (Lower Pier Avenue). The assets are used to repay bonds secured by the private property in the district.

C. Cash and Investments

The City's cash and cash equivalents are comprised of cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition. All cash and investments of proprietary funds are held in the City's investment pool. These cash pools have the general characteristics of a demand deposit account, therefore, all cash and investments in the proprietary funds are considered cash and cash equivalents for statement of cash flows purposes.

D. Fair Value Measurement

Investments, unless otherwise specified, recorded at fair value in the financial statements, are categorized based upon the level of judgment associated with the inputs used to measure their fair value.

The three levels of the fair value measurement hierarchy are described below:

- Level 1 – Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
- Level 2 – Inputs, other than quoted prices included in Level 1, that are observable for the assets or liabilities through corroboration with market data at the measurement date.
- Level 3 – Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the assets or liabilities at the measurement date.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

E. Property Taxes Receivable

Property taxes attach as an enforceable lien on property as of January 1 each year. The property tax year runs from July 1 to June 30. Property is taxed as of January 1 for payment in the following fiscal year. Taxes are payable in two installments: December 10 and April 10 of each year. The County of Los Angeles, California (the “County”) bills and collects the property taxes and remits them to the City according to a payment schedule established by the County. City property tax revenues are recognized, net of estimated refunds and uncollectible amounts, in the period for which the taxes are levied. The City recognizes available taxes, or those collected within 60 days, as revenue at June 30.

The County is permitted by State law to levy taxes at 1% of full market value (at time of purchase) and can increase the assessed valuation no more than 2% per year. The City receives a share of this basic levy, or .203 cents of each \$1.00, proportionate to what it received during the years 1976 to 1978.

F. Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due from/to other funds” (i.e., current portion of interfund loans).

G. Capital Assets

In the government-wide financial statements, capital assets, which include land, buildings, improvements, equipment, furniture, and infrastructure assets (e.g., roads, sidewalks, and similar items), are recorded at historical cost or estimated historical if purchased or constructed. Donated capital assets, donated works of art or similar items, and capital assets received in a service concession arrangement are reported at acquisition value on the date donated rather than fair value. City policy has set the capitalization threshold for reporting capital assets at \$5,000 and infrastructure at \$100,000.

The City defines infrastructure as the basic physical assets that allow the City to function. The assets include streets, sewers and storm drains, parking meters and monuments. Each major infrastructure system can be divided into subsystems. For example, the street system can be subdivided into pavement, curb and gutters, sidewalks, medians, streetlights and landscaping. These subsystems were not delineated in the basic financial statements. The Finance Department, with the assistance of the appropriate operating department, maintains information regarding the subsystems.

Interest incurred during capital assets construction, if any, is capitalized for the proprietary funds as part of the asset cost.

For all infrastructure systems, the City elected to use the “Basic Approach” and depreciate over its estimated useful life.

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method. The lives used for depreciation purposes are as follows:

Buildings	50 years
Improvements other than buildings	20 years
Machinery and equipment	3-20 years
Infrastructure	15-50 years

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

H. Unearned and Unavailable Revenue

In the government-wide and fund financial statements, unearned revenue is reported for transactions for which revenue has not yet been earned. Typical transactions recorded as unearned revenues in the government-wide financial statements are cell phone site license lease payments received in advance, prepaid charges for services, facility rentals paid in advance, and quarterly encroachment fees, and advance registration for recreation classes.

In the governmental fund financial statements, unavailable revenue is reported when transactions have not yet met the revenue recognition criteria based on the modified accrual basis of accounting. The City reports an unavailable revenue when an asset is reported in governmental fund financial statements but the revenue is not available.

I. Claims Payable

The City records a liability to reflect an actuarial estimate of ultimate uninsured losses for both general liability claims (including property damage claims) and workers' compensation claims. The estimated liability for workers' compensation claims and general liability claims includes "incurred but not reported" ("IBNR") claims. There is no fixed payment schedule to pay these liabilities.

J. Compensated Absences Payable

City employees have vested interest in varying levels of vacation, sick leave and compensatory time based on their length of employment. It is the policy of the City to pay all accumulated vacation pay and all or a portion of sick pay when an employee retires or terminates. The long-term amount is included as a liability in the governmental activities of the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. All of the liability for compensated absences applicable to proprietary funds is reported in those funds. The City's goal is to accumulate 25% of the funding for the accrued liability for compensated absences in the assigned fund balance for compensated absences. Compensated absences are liquidated principally by the General Fund.

K. Pensions

For purposes of measuring the aggregate net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans (Note 9). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The following timeframes are used for pension reporting:

CalPERS

Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Measurement Period	July 1, 2018 to June 30, 2019

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

L. Other Postemployment Benefits (“OPEB”)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the plans and additions to/deductions from OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the plan (Note 10). For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The following timeframes are used for OPEB reporting:

<u>OPEB</u>	
Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	July 1, 2019 to June 30, 2020

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss. The difference between projected and actual earnings is amortized on a straight-line basis over 5 years. All other amounts are amortized on a straight-line basis over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) at the beginning of the measurement period.

M. Net Position

In the government-wide financial statements and proprietary fund financial statements, net position is classified as follows:

Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation.

Restricted - This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted - This component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

N. Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Nonspendable fund balances include amounts that cannot be spent because they are not in a spendable form, such as inventory or prepaid items, or because resources legally or contractually must remain intact.

Restricted – Restricted fund balances are the portion of fund balance that have externally enforceable limitations on their usage through legislation or limitations imposed by creditors, grantor, laws and regulations of other governments or enabling legislation.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

N. Fund Balances (Continued)

Committed – Committed fund balances are self-imposed limitations by the highest level of decision-making authority, namely the City Council, prior to the end of the reporting period. City Council adoption of a resolution is required to commit resources or to rescind the commitment.

Assigned – Assigned fund balances are limitations imposed by management based on the intended use of the funds. Modifications or rescissions of the constraints can be removed by the same type of action that limited the use of the funds. Assignment of resources can be done by the highest level of decision making or by a committee or official designated for that purpose. The City Council has authorized the Finance Director for that purpose.

Unassigned – Unassigned fund balances represent the residual net resources in excess of the other classifications. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental fund other than general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

O. Spending Policy

Government – Wide Financial Statements and Proprietary Fund Financial Statements

When expenses are incurred for purposes for which both restricted and unrestricted components of net position are available, the City’s policy is to apply restricted component of net position first, then the unrestricted component of net position as needed.

Governmental Fund Financial Statements

When expenditures are incurred for purposes for which restricted, committed, assigned and unassigned fund balances are all available, the City’s policy is to use these balances in the following order unless an ordinance specifies the fund balance to be used: restricted, committed, assigned and unassigned.

Long-term financial planning

The City Council’s adopted financial policies relating to long-term financial planning for specific purposes are as follows:

Insurance Fund - Goal of \$3,000,000 in net position for claims reserves and catastrophic losses.

Equipment Replacement Fund - Goal of net position equal to the accumulated amount calculated for all equipment, based on replacement cost and useful life of equipment.

Contingency - Goal equal to 16% of the General Fund appropriations for economic uncertainties, unforeseen emergencies.

Compensated Absences - Goal equal to 25% funding for accrued liabilities for employee vacation, sick and compensatory time.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

O. Spending Policy (Continued)

Long-term financial planning (Continued)

The City also has a financial policy of transferring funds unspent in the General Fund at year-end to the Insurance Fund, Equipment Replacement Fund, and Capital Improvement Capital Projects Fund and to add to Contingency funds. The City Council makes changes as necessary to the year-end transfer, depending on the equity in the funds or based on other needs.

P. Use of Estimates

The preparation of the basic financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Q. Accounting Changes

The City adopted Statement on Governmental Accounting Standards (GASB Statement) No. 84, *Fiduciary Activities* and GASB Statement No. 90 *Majority Equity Interest*. Neither standard significantly impacted the City.

The City implemented Statement on Governmental Accounting Standards (GASB Statement) No. 98, *The Comprehensive Financial Report*, which establishes the term annual comprehensive financial report and its acronym ACFR. The new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 2 – Cash and Investments

The City maintains a cash and investment pool, which includes cash balances and authorized investments of all funds.

The City had the following cash and investments at June 30, 2021:

	Government-Wide Statement of Net Position Governmental Activities	Statement of Fiduciary Net Position	Total
Cash and investments	\$ 52,998,216	\$ 340,077	\$ 53,338,293

The City’s cash and investments at June 30, 2021 in more detail:

Cash and cash equivalents:	
Demand deposits	\$ 17,302,507
Petty cash	2,000
Total cash and cash equivalents	17,304,507
Investments:	
Local Agency Investment Fund	10,307,735
Los Angeles County Pooled Investments Funds	16,799,509
US Government Treasuries	1,481,365
Negotiable Certificates of Deposit	7,445,177
Total investments	36,033,786
Total cash and investments	\$ 53,338,293

A. Deposits

The carrying amounts of the City’s demand deposits were \$17,267,946 at June 30, 2021. Bank balances at that date were \$18,321,014, the total amount of which was collateralized or insured with accounts held by the pledging financial institutions in the City’s name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure the City’s cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the City’s name.

The fair value of pledged securities must equal at least 110% of the City’s cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the City’s total cash deposits. The City may waive collateral requirements for cash deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation (“FDIC”). The City, however, has not waived the collateralization requirements.

The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures, if applicable. Interest income earned on pooled cash and investments is allocated on an accounting period basis to the various funds based on the period-end cash and investment balances, however, interest is not allocated to funds created to advance costs for utility undergrounding districts, reimbursable grant funds or internal service funds.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 2 – Cash and Investments (Continued)

B. Investments

Under the provisions of the City’s investment policy, the City’s investments are limited to those authorized by the California Government Code, except as follows:

- There is no maximum amount or maximum maturity period of the City’s idle funds that may be invested with the Local Agency Investment Fund (“LAIF”) or the Los Angeles County Pooled Investment Fund (“LACPIF”)
- Negotiable Certificates of Deposit shall not exceed 30 percent of the City’s surplus money and mature in 5 years or less.
- Medium-term corporate notes shall have a Moody or Standard & Poor’s rating of at least AA and mature in 5 years or less

The City is a participant in LAIF, which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City’s investments with LAIF at June 30, 2020 included a portion of the pool funds invested in Structured Notes and Asset-Backed Securities, which included the following:

Structured Notes: debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities: generally, mortgage-backed securities that entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (for example, collateralized mortgage obligations), or credit card receivables.

As of June 30, 2021, the City had \$10,307,735 invested in LAIF, which had invested 0.01% of the pool investment funds in Structured Notes and Asset-Backed Securities. The fair value of the City’s investment in this pool is reported in the accompanying financial statements at amounts based upon the City’s pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

C. Investment in Los Angeles County Investment Pool

The City is a voluntary participant in the Los Angeles County Investment Pool pursuant to Government Code Section 53684. The cash flow needs of participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of those participants. At the time deposits are made, the Los Angeles County Investment Pool’s Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Projections are to be performed no less than semi-annually. In accordance with Government Code Section 27136, all requests for withdrawal of funds for the purpose of investing or depositing the funds elsewhere shall be evaluated to ensure the proposed withdrawal will not adversely affect the principal deposits of the other participants. As of June 30, 2021, the City had \$16,799,509 invested in the Los Angeles County Investment Pool.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 2 – Cash and Investments (Continued)

D. Fair Value Measurement

At June 30, 2021, investments are reported at fair value. The following table presents the fair value measurement of investments on a recurring basis and the levels within fair value hierarchy in which the fair value measurements fall at June 30, 2021:

Investment Type	Value	Level 1	Level 2	Uncategorized
Local Agency Investment Fund	\$ 10,307,735	\$ -	\$ -	\$ 10,307,735
Los Angeles County Pooled Investments Fund	16,799,509		-	16,799,509
US Government Treasuries	1,481,365	1,481,365	-	-
Negotiable Certificates of Deposit	7,445,177		-	7,445,177
Total	\$ 36,033,786	\$ 1,481,3654	\$ -	\$ 34,552,421

E. Risk Disclosures

Interest Rate Risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits investments to a maximum maturity of five years.

At June 30, 2021, the City had the following investment maturities:

Investment Type	Fair value	Investment Maturities (in Years)				
		Less than 1	1 to 2	2 to 3	3 to 4	4 to 5
Local Agency Investment Fund	\$ 10,307,735	\$ 10,307,735	\$ -	\$ -	\$ -	\$ -
Los Angeles County Pooled Investments Fund	16,799,509	16,799,509	-	-	-	-
US Government Treasuries	1,481,365	-	-	-	1,481,365	-
Negotiable Certificates of Deposit	7,445,177	1,995,427	2,058,490	1,843,512	1,547,748	-
Total	\$ 36,033,786	\$ 29,102,671	\$ 2,058,490	\$ 1,843,512	\$ 3,029,113	\$ -

Credit Risk – State law limits investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. It is the City's policy to limit its investments in these investment types to the top rating issued by Standard & Poor's and Moody's Investor Service. At June 30, 2021, the City's credit risks, expressed on a percentage basis, were as follows:

Credit Quality Distribution for Securities with Credit Exposure as a Percentage of Total Investments			
Investment Type	Moody's Credit Rating	S&P's Credit Rating	% of Investments with Interest Rate Risk
Local Agency Investment Fund (LAIF)	Not Rated	Not Rated	28.61%
Los Angeles County Pooled Investments Fund	Not Rated	Not Rated	46.62%
US Government Treasuries	Not Rated	Not Rated	4.11%
Negotiable Certificates of Deposits	Not Rated	Not Rated	20.66%
Total			100.00%

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 2 – Cash and Investments (Continued)

E. Risk Disclosures (Continued)

Custodial Risk – For deposits, custodial credit risk is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer), the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Concentration of credit risk – The City’s investment policy does not allow for investments in any one institution that is in excess of 5% of the City’s total portfolio, except for LAIF and LACIPIF, where there is no limit. The City is in compliance with the investment policy related to the concentration of credit risk for the year ended June 30, 2021.

Note 3 - Receivables

A. Government-Wide Financial Statements

At June 30, 2021, the government-wide financial statements show the following receivables, net of allowances for uncollectible amounts, if any:

	Government-Wide Statement of Net Position Governmental Activities	Statement of Fiduciary Net Position	Total
Accounts receivable	\$ 3,383,900	\$ -	\$ 3,383,900
Property taxes receivable, net	869,135	-	869,135
Reimbursable grants receivable	363,431	-	363,431
Interest receivable on investments	27,807	144	27,951
Other receivables	-	1,814	1,814
Total	\$ 4,644,273	\$ 1,958	\$ 4,646,231

B. Fund Financial Statements Receivables

Receivables consisted of amounts accrued in the ordinary course of operations. The total amount of receivables for each major and nonmajor funds in the aggregate as of June 30, 2021, were as follows:

Governmental funds:	
General Fund	\$ 2,901,534
Nonmajor Funds	482,300
Total governmental funds	3,383,834
Total accounts receivable	\$ 3,383,834

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 3 – Receivables (Continued)

B. Fund Financial Statements (Continued)

Taxes Receivable

At June 30, 2021, the City had property taxes receivable, net of allowance for delinquent property taxes receivables, in the following major fund and nonmajor funds in the aggregate:

	Property taxes	Allowance for delinquent tax receivables	Property taxes, net of allowance
Governmental Funds:			
General Fund	\$ 1,316,221	\$ (474,670)	\$ 841,551
Nonmajor funds	64,704	(37,120)	27,584
Total	\$ 1,380,925	\$ (511,790)	\$ 869,135

Reimbursable Grants Receivable

Grants receivable consists of a variety of reimbursable grants from other agencies. The total amount of reimbursable grants receivable as of June 30, 2021 was as follows:

Governmental Funds:	
Nonmajor Governmental Funds	\$ 363,431
Total reimbursable grants receivable	\$ 363,431

Note 4 – Lease Revenues

In February 2001, a 50-year lease for the retail space located in front of the North Pier Parking Structure was initiated. The City receives a monthly lease payment in the amount of \$2,985. The lease includes a negotiated increase to the monthly lease payment to be calculated every 60 months based on the consumer price index. In February 2016, the lease was increased to \$3,235.

In February 2004, the City entered into a 5-year lease agreement with Sprint, a cellular telephone company, for placement of an antenna on the North Pier Parking Structure. The lease includes a provision for 5 lease extensions with a 5-year term for each. In February 2009, the lease was extended through January 31, 2015. In February 2016, the lease was extended through January 31, 2020. In February 2020, the lease was extended through January 31, 2025. The City received a monthly lease payment in the amount of \$3,398 to January 2021 and \$3,500 from February 2021.

In June 2005, the City purchased property adjacent to City Hall that is used as a self - storage facility. The existing lease for the storage facility was transferred to the City as a condition of the sale. The original lease term was through January 31, 2009, and was extended beginning February 1, 2009 to April 30, 2015 through various amendments. In April 2015, the lease was amended to extend the term to April 30, 2020. In May 2020, the lease was extended through June 2025 and that lease can be terminated without cause at any time after July 2021 with one year of written notice to the City. The City receives a monthly lease payment in the amount of \$20,000.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 4 – Lease Revenues (Continued)

In February 2014, the City entered into a 5-year lease agreement with Verizon wireless, a cellular telephone company, for the placement of 12 panel antennas and 6 remote radio units at the Municipal Parking Facility. The annual lease rate is expected to increase at a rate of 3% with base monthly payment amount of \$2,400. The City received a monthly lease payment in the amount of \$2,782 February 2020 and \$2,952 from March 2021.

All of the above leases are accounted for as operating leases by the City.

The future minimum rental revenues under these leases are as follows:

Year ending June 30,	Amounts
2022	\$ 440,424
2023	384,262
2024	386,682
2025	303,600
2026	78,810
2027-2031	297,583
2032-2036	312,462
2037-2041	328,085
2042-2046	344,490
2047-2051	<u>323,923</u>
Total	<u><u>\$ 3,199,921</u></u>

Lease revenue for the year ended June 30, 2021 was \$387,461.

Note 5 – Interfund Transactions

Due From/To Other Funds – At June 30, 2021, the City had the following due from/to other funds:

Due To Other Funds	Due From Other Funds		
	General Fund	Capital Improvements	Total
FEMA	\$ -	\$ 785,889	\$ 785,889
Nonmajor Governmental funds	<u>233,075</u>	<u>-</u>	<u>233,075</u>
Total	<u><u>\$ 233,075</u></u>	<u><u>\$ 785,889</u></u>	<u><u>\$ 1,018,964</u></u>

The above amount resulted from the time lag between the dates that reimbursable expenditures occur and payments are received from other agencies.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 5 – Interfund Transactions (Continued)

Transfers

During the year ended June 30, 2021, the City had the following transfers:

	Transfers in		
Transfers out	General Fund	Nonmajor Governmental Funds	Total
General Fund	\$ -	\$ 1,107,636	\$1,107,636
Nonmajor Governmental Funds	3,396,606	-	3,396,606
Total	\$3,396,606	\$ 1,107,636	\$4,504,242

In general, transfers are used to 1) use unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and 2) to transfer to the General Fund to fund administration services.

General Fund transferred \$816,634 to the 2015 Lease Revenue Bond Fund for debt service payment.

General Fund transferred \$291,002 to Lighting /Landscaping Fund to cover deficit.

Nonmajor Governmental Funds transferred \$396,606 for Lighting/Landscaping administration, street maintenance and traffic safety operations, parks maintenance allocation and agency administration. Sewer Fund transferred \$3,000,000 to the General Fund to return Funds transferred in 2014-15.

Compensated absences	2,779,200	1,350,194	(1,165,263)	2,964,131	1,145,247	1,818,884
	<u>\$ 12,826,708</u>	<u>\$ 11,071,252</u>	<u>\$ (11,212,771)</u>	<u>\$ 12,685,189</u>	<u>\$ 1,697,352</u>	<u>\$ 10,987,837</u>

2020 Lease Revenue Bonds

In October 2020, the PFA issued \$8,150,000 Hermosa Beach Public Financing Authority 2020 Lease Revenue Bonds to (i) refund and defease the 2015 Lease revenue bonds and (ii) pay the costs of issuing the 2020 Bonds. Interest rate is 4% and is payable semiannually on May 1 and November 1 of each year, commencing May 1, 2021. Principal payments range from \$395,000 to \$715,000 commencing November 2021 through November 2035. The 2020 bonds are secured solely by the pledge revenues and certain funds held under the indenture. The 2020 bonds are not secured by a pledge of the taxing power of the City. Upon default, the payment in default will continue as an obligation of the City until the amount in default has been fully paid, and the City agrees to pay the same with interest thereon, from the date of default to the date of payment at the highest rate of interest on any Outstanding 2020 Bond. The outstanding balance at June 30, 2021 was \$8,150,000.

The annual debt service requirements by year are as follows:

Year ending	Principal	Interest	Total
June 30,			
2022	\$ 395,000	\$ 330,528	\$ 725,528
2023	415,000	310,200	725,200
2024	435,000	293,600	728,600
2025	450,000	276,200	726,200
2026	470,000	258,200	728,200
2027-2031	2,675,000	992,200	3,667,200
2032-2036	3,310,000	407,600	3,717,600
	<u>\$ 8,150,000</u>	<u>\$ 2,2868,528</u>	<u>\$11,018,528</u>

Note 8 – Risk Management

The City maintains an internal service fund to account for the City’s general liability and workers’ compensation claims, automobile, property, and unemployment insurance.

The City is self-insured for each general liability claim up to \$250,000. The City is insured above the self-insured retention for general liability insurance coverage, up to a maximum of \$20,000,000 per occurrence, as a member of the Independent Cities Risk Management Authority (“ICRMA”).

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 8 – Risk Management (Continued)

The City purchases workers’ compensation coverage through a self-insured program available through ICRMA. The City maintains a \$500,000 self-insured retention limit and participates in a self-insured risk sharing pool through the ICRMA of coverage up to statutory limits.

ICRMA is a joint exercise of powers authority organized and operating pursuant to the California Government Code. ICRMA was formed in 1980 pursuant to joint exercise of power agreements for insurance and risk management purposes, which, as amended, enable ICRMA to provide programs of risk sharing, insurance and risk management services in connection with liability, property, and workers’ compensation claims.

ICRMA’s annual budget is based on estimated actuarially determined member losses within the risk sharing layer, administrative expenses and excess insurance.

The City’s premiums to ICRMA in the amount of \$974,140 for the fiscal year 2020-2021 are in accordance with formulas established by ICRMA. The City is liable for possible additional assessments and withdrawal costs under terms of the membership agreement; however, there has never been an additional assessment since the pool was formed.

The City has entered into contracts with third party administrators who supervise and administer the City’s general liability and workers’ compensation insurance program. Claim loss estimates are determined by the third party administrator based on the nature of an individual claim. The loss estimates include amounts for future compensation, medical, legal and administrative fees. The City also includes estimated claims incurred but not reported (“IBNR”) provided by an actuary. Reimbursement requests are submitted to the City on a monthly basis as claims are paid.

The workers’ compensation and general liability claims payable of \$6,368,906 reported at June 30, 2021 includes the liability for claims in which it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the City’s claims liability amounts were as follows:

	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Year Liability	Amounts Due within One Year	Amounts Due in more than One Year
<i><u>Workers' Compensation</u></i>						
2018-2019	\$5,098,252	\$1,971,873	\$(2,017,449)	\$5,052,676	\$876,329	\$4,176,347
2019-2020	5,052,676	723,384	(1,098,728)	4,677,332	809,160	3,868,172
2020-2021	4,677,332	1,174,836	(848,931)	5,003,237	876,000	4,127,237
<i><u>General Liability</u></i>						
2018-2019	\$1,040,438	\$625,487	\$(1,127,793)	\$538,132	\$175,875	\$362,257
2019-2020	538,132	1,438,676	(757,408)	1,219,400	456,359	763,041
2020-2021	1,219,400	531,990	(385,721)	1,365,669	414,000	951,669

Detailed financial information may be obtained from the ICRMA Program Administrator located at 18201 Von Karman, Suite 200, Irvine, CA 92612.

Adjustment due to differences in proportions	87,854	1,317,706	1,405,560
Difference between City contributions and proportionate share of contributions	161,320	1,309,309	1,470,629
Total deferred inflows of Resources	<u>\$ 361,225</u>	<u>\$ 2,746,157</u>	<u>\$ 3,107,383</u>
Pension expenses:	<u>\$ 2,633,614</u>	<u>\$ 5,321,962</u>	<u>\$ 7,955,576</u>

General Information about the Pension Plan

Plan Description

The City contributes to the California Public Employees’ Retirement System (“CalPERS”), a cost-sharing multiple-employer defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and City ordinance. Copies of the CalPERS annual financial report may be obtained from their Executive Office located at 400 P Street, Sacramento, California 95814.

The City contracted with Los Angeles County for Fire Services (Fire District) on 12/30/2017. The City will continue to be responsible for paying the retirement costs for fire employees related to the value of past service benefits, referred to as the unfunded actuarial liability.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Retired Employees and Beneficiaries	60	-	-	93	2	1
Total	<u>76</u>	<u>2</u>	<u>4</u>	<u>122</u>	<u>8</u>	<u>18</u>

	Plans		
	Misc. Tier 1	Misc. Tier 2	Misc. PEPRA
Active employees	31	16	63
Transferred and terminated employees	42	11	28
Separated	47	5	25
Retired Employees and Beneficiaries	146	1	-
Total	<u>266</u>	<u>33</u>	<u>116</u>

Benefit Provided

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Classic and PEPRA Safety CalPERS members become eligible for service retirement upon attainment of age 55 with at least 5 years of credited service. PEPRA miscellaneous members become eligible for service retirement upon attainment of age 62 with at least 5 years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation is the monthly average of the member's highest 36 full-time equivalent monthly pay.

Following are the benefit provisions for each plan:

- Fire Tier 1: 3% (at age 55) of the average final 12 months compensation (effective prior to 7/1/11)
- Fire Tier 2: 2% (at age 50) of the average final 12 months compensation (effective 7/1/11)
- Fire PEPRA: 2.7% (at age 57) of the average final 36 months compensation (effective 1/1/13)
- Police Tier 1: 3% (at age 50) of the average final 12 months compensation (effective prior to 7/1/11)
- Police Tier 2: 2% (at age 50) of the average final 12 months compensation (effective 7/1/11)
- Police Tier PEPRA: 2.7% (at age 57) of the average final 36 months compensation (effective 1/1/13)
- Miscellaneous Tier 1: 2% (at age 55) of the average final 12 months compensation (effective prior to 7/1/11)
- Miscellaneous Tier 2: 2% (at age 60) of the average final 12 months compensation (effective 7/1/11)
- PEPRA Miscellaneous: 2% (at age 62) of the average final 36 months compensation (effective 1/1/13)

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 9 – Defined Benefit Pension Plans (Continued)

General Information about the Pension Plan (Continued)

Benefit Provided (Continued)

Participant is eligible for non-industrial disability retirement if becomes disabled and has at least 5 years of credited service. There is no special age requirement. The standard non-industrial disability retirement benefit is a monthly allowance equal to 1.8 percent of final compensation, multiplied by service. Industrial disability benefits are not offered to miscellaneous employees.

An employee's beneficiary may receive the basic death benefit if the employee dies while actively employed. The employee must be actively employed with the City to be eligible for this benefit. An employee's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the employee's accumulated contributions, where interest is currently credited at 7.5 percent per year, plus a lump sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full-time rate of compensation during the 12 months preceding death.

Upon the death of a retiree, a one-time lump sum payment of \$500 will be made to the retiree's designated survivor(s), or to the retiree's estate.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted on a compound basis by 2 percent.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law ("PERL") requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The Public agency cost-sharing plans covered by either the Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the fiscal year ended June 30, 2021, the contributions recognized as part of pension expense for the plan totaled \$7,955,576. For the measurement period ended June 30, 2020 (the measurement date), the average contribution rate were as follows:

<u>Plans</u>	<u>Active Employee Contribution Rate</u>	<u>Employer Contribution Rate</u>
Fire Tier 1	0.000%	\$842,527
Fire Tier 2	0.000%	\$ 0
Fire PEPRAs	0.000%	\$ 3,586
Police Tier 1	9.000%	78.450%
Police Tier 2	9.000%	22.380%
Police PEPRAs	12.750%	14.220%
Misc. Tier 1	7.000%	49.920%
Misc. Tier 2	7.000%	10.420%
Misc. PEPRAs	6.750%	8.040%

Note 9 – Defined Benefit Pension Plans (Continued)

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The June 30, 2019 valuation was rolled forward to determine June 30, 2020 total pension liability based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Investment rate of return	7.65% net of pension plan investment expenses, includes inflation
Mortality Rate Table	Derived using CalPERS' Membership Data for all Funds.
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter

All other actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees' Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

Note 9 – Defined Benefit Pension Plans (Continued)

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The following is the approach established by the plan actuary to allocate the net pension liability and pension expense to the individual employers within the risk pool.

- (1) In determining a cost-sharing plan’s proportionate share, total amounts of liabilities and assets are first calculated for the risk pool as a whole on the valuation date (June 30, 2018). The risk pool’s fiduciary net position (“FNP”) subtracted from its total pension liability (“TPL”) determines the net pension liability (“NPL”) at the valuation date.
- (2) Using standard actuarial roll forward methods, the risk pool TPL is then computed at the measurement date (June 30, 2019). Risk pool FNP at the measurement date is then subtracted from this number to compute the NPL for the risk pool at the measurement date. For purposes of FNP in this step and any later reference thereto, the risk pool’s FNP at the measurement date denotes the aggregate risk pool’s FNP at June 30, 2019 less the sum of all additional side fund (or unfunded liability) contributions made by all employers during the measurement period (2017-2018).
- (3) The individual plan’s TPL, FNP and NPL are also calculated at the valuation date. TPL is allocated based on the rate plan’s share of the actuarial accrued liability. FNP is allocated based on the rate plan’s share of the fair value assets.
- (4) Two ratios are created by dividing the plan’s individual TPL and FNP as of the valuation date from (3) by the amounts in step (1), the risk pool’s total TPL and FNP, respectively.
- (5) The plan’s TPL as of the Measurement Date is equal to the risk pool TPL generated in (2) multiplied by the TPL ratio generated in (4). The plan’s FNP as of the Measurement Date is equal to the FNP generated in (2) multiplied by the FNP ratio generated in (4) plus any additional side fund (or unfunded liability) contributions made by the employer on behalf of the plan during the measurement period.
- (6) The plan’s NPL at the Measurement Date is the difference between the TPL and FNP calculated in (5).

Deferred outflows of resources, deferred inflows of resources, and pension expense is allocate based on the City’s share of contributions during measurement period.

The City’s proportionate share of the net pension liability was as follows:

	<u>Miscellaneous</u>	<u>Safety</u>
June 30, 2020	0.37079%	0.54687%
June 30, 2021	0.37245%	0.53686%
Change - Increase (Decrease)	0.00166%	-0.01001%

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 9 – Defined Benefit Pension Plans (Continued)

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

For the year ended June 30, 2021, the City recognized pension expense as follows:

Miscellaneous	\$	2,633,614
Safety		5,321,962
		\$ 7,955,576

The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized over 5-years straight line. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period.

The expected average remaining service lifetime (“EARSL”) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the risk pool. The EARSL for risk pool for the 2018-2019 measurement period is 3.7 years, which was obtained by dividing the total service years of 475,689 (the sum of remaining service lifetimes of the active employees) by 127,009 (the total number of participants: active, inactive, and retired).

At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous	
	Deferred outflows of Resources	Deferred inflows of Resources
Pension contribution after measurement date	\$ 1,632,690	\$ -
Difference between expected and actual experience	809,589	-
Changes of assumptions	-	(112,051)
Difference between projected and actual earning on pension plan investments	466,694	-
Adjustment due to differences in proportions	47,514	(87,854)
Difference between City contributions and proportionate share of contributions	-	(161,320)
	\$ 2,956,487	\$ (361,225)
Total	\$ 2,956,487	\$ (361,225)

Note 10 – Other Postemployment Benefit Plan

General Information about the Plan

On June 12, 2007, the City Council adopted a resolution authorizing participation in a post retirement health care plan trust to be administered by Public Agency Retirement Services (“PARS”) and Union Bank of California. In July 2007, the City signed an agreement with Public Agency Retirement Services to create and administer an irrevocable trust fund for the payment of other postemployment benefits for city employees. Funds in the amount of \$1,401,000 that were previously set aside were forwarded to Union Bank pursuant to the agreement to establish the trust during the year ended June 30, 2008. Contributions are made on a monthly basis.

Plan Description

The City participates in a post retirement health care plan trust (“Plan”) administered by PARS and Union Bank of California. The Plan provides medical insurance benefits to eligible retirees, which is a single-employer defined benefit plan. PARS issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by contacting the City at 1315 Valley Drive, Hermosa Beach, CA 90254.

The Plan is comprised of employees and retirees from several bargaining units, including General and Supervisory; Professional and Administrative Employees Association; Hermosa Beach Management Association; Police Management Association; Police Officers Association and Firefighters Association.

The range of monthly benefits to be paid by the City ranges from \$40 to \$556 per month based on years of service from 10 years to 20 years provided to the City.

The monthly benefits paid by the City are subject to change with increases provided based on age at retirement and years of service.

Post-Retirement Health Care Coverage for Fire Employees

The City contracted with Los Angeles County for Fire Services (“Fire District”) on 12/30/2017. Fire District employees are provided post-retirement health coverage. The current vesting period is 10 years of Fire District service. Service with the City does not count towards coverage, only time actually worked in Fire District service counts towards the vesting period. Hermosa Beach Fire Association (HBFA) members who transfer to the Fire District and who take a service retirement before reaching 10 years of Fire District service are ineligible for the Fire District's retiree health benefit.

For those HBFA members who have 19 plus years of service with the City at the time of transfer to Fire District employment and who take a service retirement from the Fire District prior to vesting in the Fire District's retiree health plan, the City agrees to create a new Tier to the City's retiree health program as follow: the retired HBFA member will be eligible to receive from the City the \$350 per month benefit set forth in Article 42(D) of the MOU. This benefit is limited to the first four HBFA members who qualify for the benefit.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 10 – Other Postemployment Benefit Plan (Continued)

General Information about the Plan (Continued) Eligibility

All of the Plan’s employees became participants in accordance with negotiated Memoranda of Understanding (“MOU”) as negotiated by each group or bargaining unit. In order to receive benefits, eligible employees must meet the minimum requirements defined in their MOU. Participants of the Plan as of June 30, 2021 were as follows:

Participants	Total
Active employees	123
Retirees	69
Retirees not receiving benefits	3
Total	195

Net OPEB Liability

The City’s net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2020.

Actuarial Assumptions

The total OPEB liability, measured as of June 30, 2020, was determined using the following actuarial assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	6.00% Pre-funded in PARS Moderate Strategy
Inflation	2.75% per annum
Salary Increases	3.00% Aggregate
	Merit: 1997-2015 CalPERS Experience Study
Investment Rate of Return	6.00%
Healthcare Trend Rate	Non-Medicare: 7.5% in 2019, to 4.0% in 2076 and thereafter
	Medicare: 6.5% in 2019 to 4.0% in 2076 and thereafter
Mortality, Retirement, Disability, Termination	CalPERS 1997-2015 Experience Study
Service Requirement	100% at 20 Years of Service
Participation Rate	Currently covered: 100%

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2019 through June 30, 2020.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 10 – Other Postemployment Benefit Plan (Continued)

Net OPEB Liability (Continued)

Actuarial Assumptions (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation PARS-Moderate	Expected Real Rate of Return
Global Equity	48.00%	4.820%
Fixed Income	45.00%	1.470%
REIs	2.00%	3.760%
Cash	5.00%	0.060%
	100.00%	

Discount Rate

The discount rate used to measure the total OPEB liability was 6.00 percent. The actuarial assumptions used to determine the discount rate was based on the current funding practice and assumed the fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for the measurement period ended June 30, 2020:

Plan's OPEB Liability/(Asset)		
Discount Rate - 1% (5.00%)	Current Discount Rate (6.00%)	Discount Rate + 1% (7.00%)
\$ 904,901	\$ (729,118)	\$ (2,108,993)

Sensitivity of the Total OPEB Liability to Changes in Healthcare Cost Trend Rates

The following presents the total OPEB liability of the City, as well as what the total OPEB liability would be if it were calculated using a health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates, for the measurement period ended June 30, 2020:

Plan's OPEB Liability/(Asset)		
Healthcare		
-1.00%	Trend Rate	+1.00%
\$ (2,004,473)	\$ (729,118)	\$ 804,210

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 12 – Non-City Obligations

2004 Beach Drive Utility Underground Assessment District Special Assessment Bonds

In July 2004, limited obligation improvement bonds in the amount of \$404,341 were issued for the Beach Drive Utility Underground Assessment District for the undergrounding of utilities within the district. The City is not financially obligated for payment of the bonds, which are secured by private property in the district. The bonds will be repaid from assessments to the property owners as part of their annual property tax bill.

The annual debt service requirements by year are as follows:

Year ending June 30,	Principal	Interest	Total
2022	\$ 26,510	\$ 3,992	\$ 30,502
2023	27,783	2,929	30,712
2024	29,116	1,684	30,800
2025	30,514	732	31,246
	<u>\$ 113,923</u>	<u>\$ 9,337</u>	<u>\$ 123,260</u>

2005 Bayview Drive Utility Underground Assessment District Improvement Bonds

In February 2005, limited obligation improvement bonds in the amount of \$951,667 were issued for the Bayview Drive Utility Underground Assessment District for the undergrounding of utilities within the district. The City is not financially obligated for payment of the bonds, which are secured by private property in the district. The bonds will be repaid from assessments to the property owners as part of their annual property tax bill.

The annual debt service requirements by year are as follows:

Year ending June 30,	Principal	Interest	Total
2022	\$ 48,135	\$ 10,301	\$ 58,436
2023	50,606	8,203	58,809
2024	53,181	5,998	59,179

2026	58,666	1,247	59,913
Total	<u>\$ 266,455</u>	<u>\$ 29,429</u>	<u>\$ 295,884</u>

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 13 – Commitments and Contingencies

A. Commitments

The City had several outstanding or planned construction and other projects as of June 30, 2021. These projects are evidenced by contractual commitments with contractors and include:

Project	Spent to Date	Commitment Remaining
Permit Software Upgrade and Integration Project	\$ 564,993	\$ 114,045
Fire Department Facility and Equipment Conversion	1,019,788	1,013,883
Total	\$ 1,584,781	\$ 1,127,928

Of the commitments listed above, \$949,290 represents commitments in the Capital Projects Fund, \$114,045 represents commitments in Internal Service Funds, and \$64,593 represents commitments in Special Revenue Funds.

In January 2000, the North Pier Parking Structure was completed. The parking structure contains 400 parking spaces and was funded in part by a downtown developer in exchange for the use of 100 spaces in the structure. The remainder of the funding was provided by the City’s former Downtown Enhancement Enterprise Fund and Prop A Open Space funding contributed by the Los Angeles County Department of Beaches and Harbors (“County”). In consideration of the County contribution, 50% of the annual net income derived from the parking structure must be shared with the County each year by September 1. The payment made to the County for fiscal year 2020-2021 is \$166,229. The County contract ends in 2027.

B. Contingencies

The City is a defendant in a number of lawsuits, which have arisen in the normal course of business. While substantial damages are alleged in some of these actions, their outcome cannot be predicted with certainty.

C. Grants

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies. While no matters of noncompliance were disclosed by the audit of the financial statements or single audit of the Federal grant programs, grantor agencies may subject grant programs to additional compliance tests, which may result in disallowed costs. In the opinion of management, future disallowances of current or prior grant expenditures, if any, would not have a material adverse effect on the financial position of the City.

D. Ongoing Operations

The City’s operations may be affected by the recent and ongoing outbreak of COVID-19, which was declared a pandemic by the World Health Organization in March 2020. The ultimate disruption which may be caused by the outbreak is uncertain; however, possible effects may include, but are not limited to, a reduction in certain tax revenues and a decline in the value of investments, which could have an impact on the City’s financial position and operating results. There is significant uncertainty as to the severity and longevity of the outbreak and City management is in the process of evaluating the impact on the City and its financial statements.

City of Hermosa Beach
Notes to the Basic Financial Statements (Continued)
For the Year Ended June 30, 2021

Note 14 – Fund Balance and Net Position Restatement

The following schedule summarizes the effects of the prior period adjustment to the Fund Financial Statements.

Governmental Funds:

	Grants Special Revenue <u>Fund</u>
Fund balance at June 30, 2020, as previously reported	\$ 425,732
Adjustment made to prior year: Understatement of Unavailable revenue	<u>(197,012)</u>
Fund balance as July 1, 2020, as restated	<u>\$ 228,720</u>

Note 15 – Subsequent Events

Management has evaluated subsequent events through March 31, 2022 which is the date the financial statements were available to be issued, and has determined that there are no transactions that will have a significant impact on the City.

Schedule For the Year Ended June 30, 2020

Budgetary Control and Accounting Policy

Budgets are annually adopted for all governmental and proprietary fund types on a basis consistent with generally accepted accounting principles. The City is required by its municipal code to adopt an annual budget on or before June 30 for the ensuing fiscal year. From the effective date of the budget, the amounts become the “*annual appropriated budget.*”

The appropriated budget is prepared by fund, department and division. The City Council may amend the budget by motion during the fiscal year. Expenditures may not legally exceed appropriations at the fund level. The City Manager is authorized to transfer budgeted amounts between departments within the same fund; however, any transfers between funds or revisions that alter total appropriations of any fund require City Council approval. The legal level of control is therefore at the fund level.

Supplemental appropriations, which increase appropriations, were made during the fiscal year, therefore, “final” budgeted revenue and appropriation amounts shown in the financial statements represent the original budget, modified for adjustments during the year. Appropriations lapse at the end of the fiscal year.

Encumbrances - Under encumbrance accounting, purchase orders, contracts and other commitments for expenditures are recorded to reserve that portion of the applicable appropriation. Encumbrance accounting is employed as an extension of formal budgetary accounting. Unexpended appropriations lapse at year-end.

* 2018 is the first year of implementation, therefore only five years are available for the required 10-year schedule.

SUPPLEMENTARY INFORMATION

This page intentionally left blank.

NON MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds:

Lighting and Landscaping District Fund - This fund is used to account for the Lighting Assessment District, which was created for street lighting/median maintenance purposes pursuant to Street and Highway Code 22500-22679.

State Gas Tax Fund - This fund is used to account for the City's share of state gasoline tax, which is restricted for use on public streets. Restricted Transportation Development Act funds from Los Angeles County Transportation Commission for the Strand Walkway Project and Bicycle Path Project are also accounted for in this fund.

AB 939 Fund - This fund is used to account for the fees collected in connection with solid waste collection. The fees are used to implement a Source Reduction and Recycling Element and a Household Waste Element.

Prop A Open Space Fund - This fund is used to account for funds generated by passage of the L.A. County Safe Neighborhood Parks Bond Act by County voters for the purpose of improving parks and recreational facilities.

Tyco Fund - This fund is used to account for funds received from an easement granted for construction of a transpacific, submarine fiber optic cable system originating in Japan with a landing in Hermosa Beach. The project will provide additional capacity.

Tyco Tidelands Fund - This fund is used to account for the portion of the funds specific to the tidelands and submerged lands received from an easement granted for construction of a transpacific, submarine fiber optic cable system originating in Japan with a landing in Hermosa Beach that were set aside to build one new restroom and rehabilitate three existing restrooms at the beach.

Parks/Recreation Facilities Tax Fund - This fund is used to account for revenue from subdivision fees and park or recreation facility tax fees on new dwellings. Generally, the funds are to be used for acquisition, improvements and expansion of park or recreational facilities.

Bayview Drive Administrative Expense Fund - This fund is used to account for all administrative expenditures required for the Bayview Utility Underground Special Assessment District.

Myrtle District Administrative Expense Fund - This fund is used to account for all administrative expenditures required for the Myrtle Avenue Utility Underground Special Assessment District.

Loma District Administrative Expense Fund - This fund is used to account for all administrative expenditures required for the Loma Drive Utility Underground Special Assessment District.

Beach Drive Assessment District Administrative Expense Fund - This fund is used to account for all administrative expenditures required for the Loma Drive Utility Underground Special Assessment District.

Proposition "C" Fund - This is a fund which was added during 1992 to account for funds allocated from the voter-approved 1/2 cent sales tax. Funds must be used for transit purposes.

Measure "R" Fund - This is a fund which was added July 1, 2009 to account for a 1/2 cent sales tax approved by Los Angeles County voters in November 2008 to meet the transportation needs of Los Angeles County. The program is to be used for transportation projects that have been approved by the Los Angeles County Metropolitan Transit Authority.

Air Quality Management District Fund - This fund is used to account for funds distributed by the South Coast Air Quality Management district. The revenues are restricted to programs which promote reduction in air pollution from motor vehicles.

NON MAJOR GOVERNMENTAL FUNDS (Continued)

Special Revenue Funds (Continued):

Supplemental Law Enforcement Services Fund - This fund is used to account for funds received from the Citizen Option for Public Safety ("COPS") program, established by the State Legislature in fiscal year 1996-1997. Funds must be used for front line municipal police services and must supplement and not supplant existing funding.

Asset Seizure and Forfeiture Fund - This fund is used to account for property seized as a result of illegal activity and forfeited to the Police Department. Funds must be used for law enforcement purposes to supplement, not replace or decrease, existing appropriations.

Fire Protection Fund - This fund is used to account for fire flow fees which are used to upgrade and enhance the fire flow capabilities of the fire protection system in the City and for upgrades to fire facilities.

Community Development Block Grant (CDBG) Fund - This fund is used to track the costs related to community development block grants.

Measure "M" Fund - This fund is used to account for voter-approved 1/2 cent sales tax for a Los Angeles County Traffic Improvement Plan to improve freeway traffic flow/safety; repair potholes/sidewalks; repave local streets; earthquake-retrofit bridges; synchronize signals; keep senior/disabled/student fares affordable; expand rail/subway/bus systems; improve job/school/airport connections; and create jobs.

RTI Undersea Cable Fund - This fund is used to account for funds received from an easement granted for construction of a transpacific, submarine fiber optic cable system with a landing in Hermosa Beach. The project will provide additional capacity for global voice and data transmission and global access to planned and existing land-based communication networks in the project area.

RTI Undersea Cable Tidelands Fund - This fund is used to account for funds set aside according to the MC Global (now RTI-I) easement agreement for easement within tidelands and submerged lands.

Proposition "A" Transit Special Revenue Fund - Transit revenue consists primarily of Proposition A fund (the 1/2 cent sales tax for Los Angeles County transportation purposes). The City currently operates a Dial-a-Ride program for seniors, a taxi voucher program, a commuter bus, special event and after school program shuttles and subsidizes bus passes for senior citizens and students.

Grants Special Revenue Fund - This fund is used to support eligible service agencies.

CARES Act Special Revenue Fund - This fund is used to account for COVID-19 related expenditures reimbursable under the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Measure "W" Special Revenue Fund - This fund is used to account for projects dedicated to increase local water supply, improve water quality, and protect public health.

Sewer Special Revenue Fund - This fund is used to account for funds derived from sewer service charge levied on all Hermosa Beach properties and other miscellaneous service charges.

Storm Drain Special Revenue Fund - This fund is used to account for a portion of the 6% utility user tax and maintenance of the City's storm drains. This includes administration of the national Pollution Discharge Elimination System Program.

Debt Service Fund:

2015 Lease Revenue Bond - This fund is used to account for 2015 Lease Revenue Bond.

Capital Project Funds:

Capital Improvement - This fund is set aside for capital improvement projects.

Greenwich Underground - This fund is set aside for capital improvement projects.

STATISTICAL SECTION

This part of the City of Hermosa Beach's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall financial health.

Contents	Pages
Financial Trends	141-146
These schedules contain trend information to help the reader understand how the government's financial performance and well being have changed over time.	
Revenue Capacity	147-153
These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.	
Debt Capacity	154-165
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Demographic and Economic Information	166-168
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	
Operating Information	169-170
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

NOTE:

In 1978, the voters of the State of California passed Proposition 13 which limited taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Source: Los Angeles County Auditor-Controller

Note: Assessed valuations available from the County of Los Angeles are based on 100% of full value per Section 135 of the California Revenue and Taxation Code.

2014	1.000000	0.017970	0.017498	-	-	0.003500	1.038968
2015	1.000000	0.014729	0.017422	-	-	0.003500	1.035651
2016	1.000000	0.015746	0.017447	-	-	0.003500	1.036693
2017	1.000000	0.014928	0.022942	-	-	0.003500	1.041370
2018	1.000000	0.040245	0.021199	-	-	0.003500	1.064944
2019	1.000000	0.025942	0.022229	-	-	0.003500	1.051671
2020	1.000000	0.039696	0.021555	-	-	0.003500	1.064751
2021	1.000000	0.039111	0.023624	-	-	0.003500	1.066235

Note: In 1978 California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. The 1.00% is shared by all taxing agencies wherein the subject property resides. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

Los Angeles County Assessor's Office

The percentage of overlapping debt applicable is estimated by using taxable assessed values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

California Government Code section 43605 provides for a legal debt limit of 15' valuation. This provision was enacted when assessed valuation was based on 25% of market value. Effective fiscal year 1981-82, each parcel was assessed based on 100% of market value as of the most recent change in ownership. The computations shown above convert the assessed valuation data for each fiscal year from the full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted.

¹The City purchased 24 pay-by-space meters in fiscal year 2011. Fourteen of the machines are installed in City parking lots (which are reflected in this figure), with the remaining ten meters being returned for single head meter for on-street parking.

²This is a system for monitoring the water quality before it reached the Pacific Ocean. The project was funded by a Federal ARRA Grant passed through the California State Water Control Board. Grant approval required the submission of an ongoing monitoring plan that was accepted by the grantor. The project received an award from the American Public Works Association in 2010.

OTHER REPORTS

This page intentionally left blank.

Honorable Mayor and City Council
City of Hermosa Beach
Hermosa Beach, California

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Hermosa Beach, California as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise City of Hermosa Beach's basic financial statements, and have issued our report thereon dated March 31, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Hermosa Beach's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Hermosa Beach's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Hermosa Beach's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and City Council
City of Hermosa Beach

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Hermosa Beach's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
