

Explore the YouTube app on your TV

The YouTube app is available on [many smart TVs, streaming devices, and game consoles](#). [Sign in to the app](#), view your subscribed channels, search for content, and use your mobile device as a remote. You can also watch YouTube on your smart TV by [linking your devices](#).

Check if the YouTube app is available in your location.

Available locations

Find your way around the app on TV

Sign in or out of the YouTube app

You can [sign in to the YouTube app](#) on your smart TV, streaming device, or game console. You can also [sign out of the app or remove an account from the app](#).

Switch between accounts

In the YouTube app on your TV, you can [sign in to multiple accounts](#) and easily [switch between these accounts](#).

Note: If you select your kid's profile, or a YouTube Kids guest profile, you'll go to YouTube Kids. [Learn more about this experience](#).

Members of your household can add their own accounts, and guests can sign in to a Guest account. Guest accounts allow you to use YouTube on your TV while signed out, and any content you watch while signed-out won't affect your signed-in account's recommendations.

Find videos to watch

You have several options for finding videos in the app:

From Search 🔍

- You can use **Search** 🔍 in the left-side navigation.

From the Home 🏠 tab

- Browse through the grid of recommended videos on your Home 🏠 tab.
- Select the left-side navigation to open a secondary navigation bar. You can explore different tabs, like Recommended, Trending, or Music.

From the Subscriptions 📺 tab

- Browse through a grid of recommended videos from your subscribed channels.
- Scroll through your subscribed channels to see a channel's latest videos or playlists.

From the Watch page

- Scroll down and select **Search** .

Save videos to playlists

Access your Library

From the Library tab , you can find your **History**, **My videos**, **Watch later**, **Your movies and shows**, and **Playlists** tabs.

Update your Settings

To access your account settings, select **Settings**  in the left-side navigation. , you can change [autoplay](#), restricted mode, and [link your TV to your mobile device](#).

Use a second device as your remote control
